**COVID-19 Status Report
Oak Park Village Board of Trustees**

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

New Public Health Guidance

The Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases; since last reported:

<u>Date</u>	<u># of Cases</u>	<u>Age of Cases</u>
November 7 (Saturday)	25	<20s to 80s
November 8 (Sunday)	25	<20s to 90s
November 9 (Monday)	21	<20s to 60s

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of one thousand one hundred and seventy-three (1173) total Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listed within the number of Oak Park cases reported may change depending on residency confirmation.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

Cases related to Long-Term Care and Assisted Living Facilities

Oak Park Public Health Director Mike Charley reported today seven new cases at Berkeley Nursing & Rehabilitation Center, 6909 North Ave who are residents that range in age from 50s to 90s. Additionally, there is an older Berkeley case that was not previously reported herein but is now reflected in the chart below. Public Health staff is continuing to work closely with the individual facilities as well as IDPH to provide up to date guidance to contain the outbreaks.

Facility Name	# of Resident Cases	# of Resident Deaths	# of Staff Cases
Belmont Village of Oak Park	2	3	9
Berkeley Nursing & Rehab Center	36	5	4
Brookdale Oak Park	8	1	15
Oak Park Arms	6	1	4
Oasis of Oak Park	23	12	8

Village Employees Test Positive

The Village had two employees test positive for COVID-19 during the weekend. In accordance with the provisions already in place for COVID-19 positive diagnoses in the workforce, the employee and any others who have had direct close contact with these individuals in the course of their work, was notified and placed in quarantine status. One employee works at Village Hall and one employee is a sworn officer in the Police Department. Because of privacy laws, no additional information can be released. Because of privacy laws, no additional information can be released. The Village now has had fourteen (14) confirmed cases of COVID-19 in the workforce.

Public Health Data

Public Health Director Charley has shared the following data related to COVID-19.

“New cases per 100,000 People”. This metric looks at the number of recent COVID-19 cases per 100,000 people to describe the potential number of people who are currently ill and may be infectious. This is the number of new cases reported by IDPH in the previous week. Calculated as a rate = [Village of Oak Park case count for 7 days] / [Village population] x100,000.

- Oak Park rate: 265 /100,000
- Cook County rate: 342/100,000 (10/25/2020 through 10/31/2020)
- Target for County-level data: Cases for the week are fewer than 10 or the rate is fewer than 50 cases per 100,000 people
- Warning for County-level data: New case rate is greater than 50 cases per 100,000 people
