**COVID-19 Status Report
Oak Park Village Board of Trustees**

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

New Public Health Guidance

Today, the Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases:

<u>Date</u>	<u># of Cases</u>	<u>Age of Cases</u>
December 24 th (Thursday)	16	<20 to 70s
December 25 th (Friday)	17	<20 to 70s
December 26 th (Saturday)	2	40s to 50s

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of two thousand and sixty-nine (2069) Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listing the number of Oak Park cases reported may change depending on residency confirmation.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

COVID-19 Testing Site in Oak Park on Monday, December 28

The Illinois Department of Public Health will host a drive-thru/walk-up Covid-19 testing site from 8 a.m. to 4 p.m., Mon., Dec. 28 in the parking lot of Fenwick High School, 505 Washington Blvd, in Oak Park. Access to the testing site will be from East Avenue, just north of Madison Street. The testing event, arranged by the Oak Park Department of Public Health, will be open to all regardless of symptoms or immigration status. Officials say the event is targeting at-risk individuals who may lack transportation to a state-supported [community testing site](#) or qualify for a free test at a pharmacy like [Walgreen's](#) or [CVS](#). Individuals will be tested on a first come, first served basis. No payment is required. However anyone who has insurance coverage should bring their cards.

Specimens will be collected using a simple nasal swab. More information about the state mobile testing program is [posted online](#).

Cases related to Long-Term Care and Assisted Living Facilities

Interim Public Health Director Terry reported today two new positive COVID-19 tests for staff members at Belmont Village, 1035 Madison.

Facility Name	# of Resident Cases	# of Resident Deaths	# of Staff Cases
Belmont Village of Oak Park	17	6	29
Berkeley Nursing & Rehab Center	47	11	15
Brookdale Oak Park	11	2	22
Oak Park Arms	8	1	4
Oasis of Oak Park	23	12	12

Public Health Data

Interim Public Health Director Terry has shared the following data related to COVID-19.

“New cases per 100,000 People”. This metric looks at the number of recent COVID-19 cases per 100,000 people to describe the potential number of people who are currently ill and may be infectious. This is the number of new cases reported by IDPH in the previous week. Calculated as a rate = [Village of Oak Park case count for 7 days] / [Village population] x100,000.

- Oak Park rate: 158/100,000
- Cook County rate: 362/100,000 (12/13/2020 through 12/19/2020)
- Target for County-level data: Cases for the week are fewer than 10 or the rate is fewer than 50 cases per 100,000 people
- Warning for County-level data: New case rate is greater than 50 cases per 100,000 people
