**COVID-19 Status Report
Oak Park Village Board of Trustees**

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

New Public Health Guidance

Today, the Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases:

<u>Date</u>	<u># of Cases</u>	<u>Age of Cases</u>
January 16 th (Saturday)	23	<20 to 90s
January 17 th (Sunday)	15	<20 to 80s
January 18 th (Monday)	8	<20 to 80s

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of two thousand four hundred and sixty-two (2462) Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listing the number of Oak Park cases reported may change depending on residency confirmation.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

State of Illinois Updates

Today, the Governor announced that Region 10, including Oak Park and Suburban Cook County are now in Tier 2. All mitigation measures between Tiers can be viewed at the link below. There are no changes to restaurants in Tier 2 as compared to Tier 3.

COVID-19 Vaccines

For current vaccination information visit the Village website at www.oak-park.us/covidvaccination. The Village has not received additional vaccine since January 12. As a result, we are unable to schedule new clinics for first doses at this time. Further, planning for when vaccine will be available for 1b eligible residents is delayed until additional vaccine is received and 1a health care workers completed. Planning for residents who are over 65, including those in long term care facilities based upon current population data. The 2014-2018 American Community Survey five-year estimates for Oak Park show the following numbers:

Oak Park residents age 85 and Older = 815; age 75 to 84 = 2,065; and age 65 to 74 = 4,624 for a total of more than 7,500 residents who are 65 and older.

Cases related to Long-Term Care and Assisted Living Facilities

Interim Public Health Director Terry reported three (3) new staff cases at Oak Park Arms, 408 S Oak Park Avenue, and one (1) new staff case at the same facility.

Facility Name	# of Resident Cases	# of Resident Deaths	# of Staff Cases
Belmont Village of Oak Park	29	8	33
Berkeley Nursing & Rehab Center	47	11	15
Brookdale Oak Park	11	2	24
Oak Park Arms	16	1	8
Oasis of Oak Park	23	12	14

Public Health Data

Interim Public Health Director Terry has shared the following data related to COVID-19.

“New cases per 100,000 People”. This metric looks at the number of recent COVID-19 cases per 100,000 people to describe the potential number of people who are currently ill and may be infectious. This is the number of new cases reported by IDPH in the previous week. Calculated as a rate = [Village of Oak Park case count for 7 days] / [Village population] x100,000.

- Oak Park rate: 236/100,000
- Cook County rate: 362/100,000 (1/3/2021 through 1/9/2021)
- Target for County-level data: Cases for the week are fewer than 10 or the rate is fewer than 50 cases per 100,000 people
- Warning for County-level data: New case rate is greater than 50 cases per 100,000 people

AGE RANGE DATA – OAK PARK

Age Range	Total	% of Cases
0-4	58	2.4%
4-13	115	4.7%
