COVID-19 Status Report
Oak Park Village Board of Trustees

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a weekly status report presented Wednesdays and provides a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19, with an increasing focus on vaccination administration and allocation. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

New Public Health Guidance

Today, the Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases:

<u>Date</u>	<u># of Cases</u>	<u>Age of Cases</u>
March 4 th	2	<20 to 30s
March 5 th	5	<20 to 70s
March 6 th	6	<20 to 70s
March 7 th	5	<20 to 40s
March 8 th	7	30s to 60s
March 9 th	8	<20 to 60s
March 10 th	2	30s to 80s

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of two thousand seven hundred and ninety-six (2796) Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listing the number of Oak Park cases reported may change depending on residency confirmation.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure

to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

Vaccination Dashboard through March 9, 2021

Total Doses Administered by Oak Park Public Health Department	4,310
Doses Allocated to Oak Park Hospitals & other Vaccination Partners	8,600
Doses Administered by Oak Park Public Health Department Week of March 1	1,065
Doses Administered by Oak Park Public Health Department Week of Feb 22	469
Oak Park Residents Fully Vaccinated	7,361

The Village’s Public Health Department is administering vaccinations by appointment only. Appointments can be scheduled with the Village by pre-registering at www.oak-park.us/vaccine.

The pre-registration system opened at the end of January and is available only to people who are eligible as part of Phase 1b Part 1 and Phase 1b Part 2. The Village is limiting vaccinations at this time to individuals 18 years of age and older for Phase 1b (Parts 1 and 2).

The Village’s pre-registration systems for COVID-19 vaccinations is currently reaching out to residents of Oak Park 71 years and older to schedule appointments for vaccination. Beginning March 15, the Village is expanding schedule appointments for residents 65 and older. Weekly appointments are limited by vaccine availability.

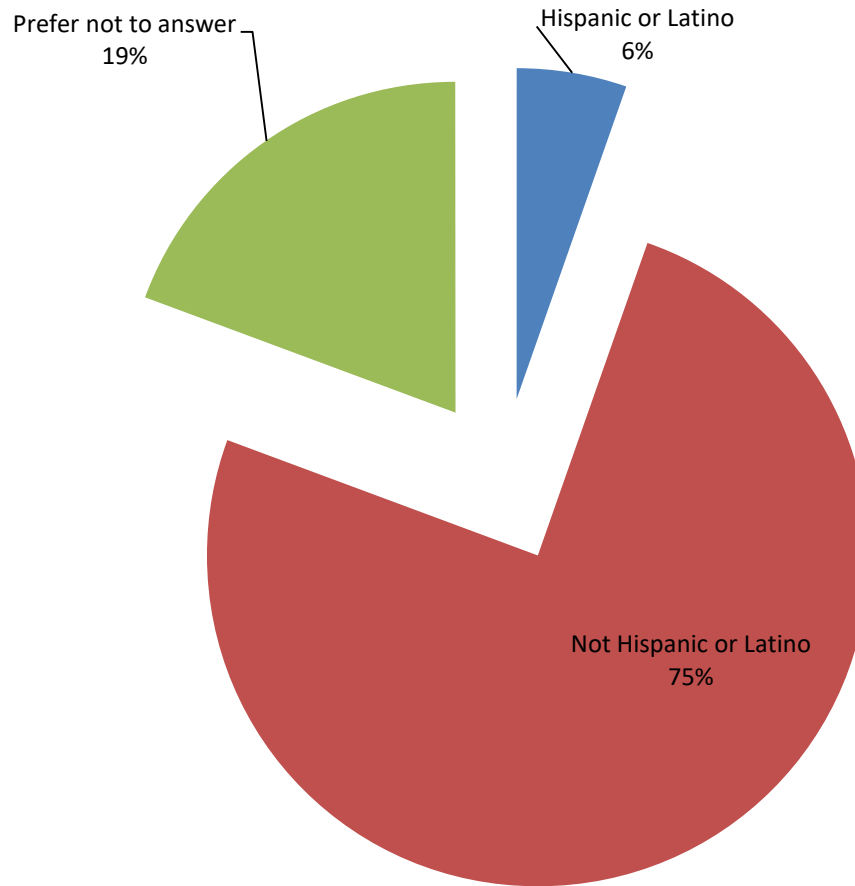

Definitions for Phase 1b eligibility are established in the Illinois COVID-19 Vaccination Plan issued by the Illinois Department of Public Health and most recently updated on FEBRUARY 11, 2021, Version V6.1

In addition to administering vaccinations, the Village’s Department of Public Health additional allocates designated for Oak Park by the State to facilities to facilities authorized by the State of Illinois to vaccinate their patients including Rush Oak Park Hospital, West Suburban Hospital, PCC Wellness and the Jewel-Osco on Madison Street in Oak Park. The Federal Government is directly allocating vaccine to Walgreens in Oak Park. To date, the Village has only received Pfizer and Moderna vaccine for its use and allocation.

Public Health Data

Interim Public Health Director Terry has shared the following data related to COVID-19.

“New cases per 100,000 People”. This metric looks at the number of recent COVID-19 cases per 100,000 people to describe the potential number of people who are currently ill and may be infectious. This is the number of new cases reported by IDPH in the previous week. Calculated as a rate = [Village of Oak Park case count for 7 days] / [Village population] x100,000.

- Oak Park rate: 67/100,000
- Cook County rate: 86/100,000 (2/21/2021 to 2/27/2021)
- Target for County-level data: Cases for the week are fewer than 10 or the rate is fewer than 50 cases per 100,000 people
- Warning for County-level data: New case rate is greater than 50 cases per 100,000 people

AGE RANGE DATA – OAK PARK

Age Range	Total	% of Cases
0-4	71	2.5%
4-13	144	5.2%
14-19	265	9.5%
20-29	490	17.5%
30-39	440	15.7%
40-49	422	15.1%
50-59	410	14.7%
60-69	273	9.8%
70-79	168	6.0%
80-89	68	2.4%
90-99	45	1.6%
Total	2796
