**COVID-19 Status Report  
Oak Park Village Board of Trustees**

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

**New Public Health Guidance**

Today, the Village of Oak Park Department of Public Health received notification of the following new COVID-19 cases:

<u>Date</u>	<u># of Cases</u>	<u>Age of Cases</u>
February 25 <sup>th</sup> (Thursday)	4	<20 to 40s
February 26 <sup>th</sup> (Friday)	3	<20 to 40s

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of two thousand seven hundred and thirty-six (2736) Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listing the number of Oak Park cases reported may change depending on residency confirmation.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

**Vaccinations**

Public Health staff has continued to vaccinate Long Term Care residents with a second dose of vaccine this week at our congregate senior facilities and these second doses will continue to be administered next week. The Public Health Department continues to remind everyone that as the demand for vaccine exceeds supply, we are working diligently to ensure that second doses occur and as vaccine supply allows, additional residents are notified that they can schedule a first dose. We are eager to receive sufficient supply to expand vaccinations to the new individuals which the Governor’s Office added this week into Phase 2 – which are residents of Oak Park under

65 with a high-risk medical condition. Pre-registration of this new group of individuals began on the Village website earlier this week.

**Cases related to Long-Term Care and Assisted Living Facilities**

Interim Public Health Director Terry reports no new cases since February 24, 2021.

Facility Name	# of Resident Cases	# of Resident Deaths	# of Staff Cases
Belmont Village of Oak Park	29	8	33
Berkeley Nursing & Rehab Center	47	11	15
Brookdale Oak Park	11	2	25
Oak Park Arms	18	1	12
Oasis of Oak Park	23	12	16

**Public Health Data**

Interim Public Health Director Terry has shared the following data related to COVID-19.

“New cases per 100,000 People”. This metric looks at the number of recent COVID-19 cases per 100,000 people to describe the potential number of people who are currently ill and may be infectious. This is the number of new cases reported by IDPH in the previous week. Calculated as a rate = [Village of Oak Park case count for 7 days] / [Village population] x100,000.

- Oak Park rate: 71/100,000
- Cook County rate: 109/100,000 (2/7/2021 through 2/13/2021)
- Target for County-level data: Cases for the week are fewer than 10 or the rate is fewer than 50 cases per 100,000 people
- Warning for County-level data: New case rate is greater than 50 cases per 100,000 people

**AGE RANGE DATA – OAK PARK**

Age Range	Total	% of Cases
0-4	69	2.5%
4-13	141	5.2%
14-19	254	9.3%
20-29	483	17.7%
30-39	432	15.8%
40-49	412	15.1%
50-59	404	14.8%
60-69	266	9.7%
70-79	163	6.0%
80-89	67	2.4%
90-99	45	1.6%
Total	2736	

**Cases Prior to July 1<sup>st</sup> 2020**

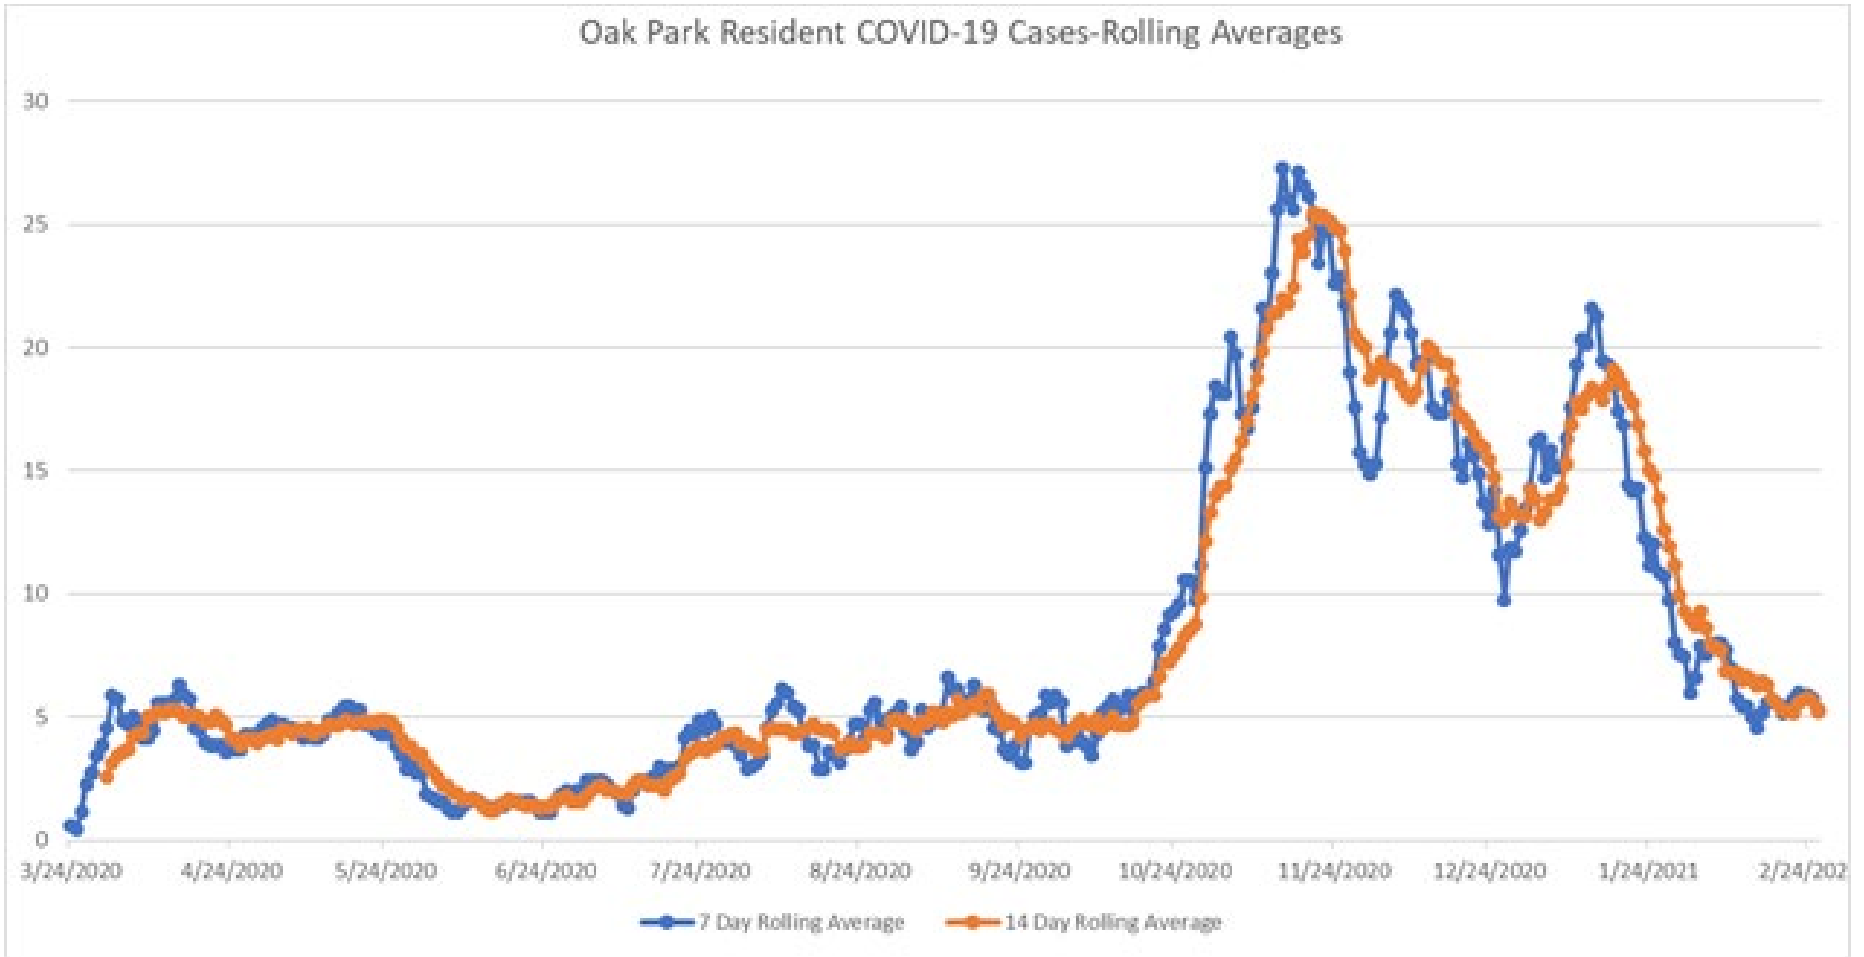

Age Range	<07/01/20	% of Cases
0-4	3	0.9%
5-13	5	1.4%
14-19	6	1.7%
20-29	50	14.4%
30-39	58	16.7%
40-49	60	17.2%
50-59	59	17.0%
60-69	43	12.4%
70-79	34	9.8%
80-89	23	6.6%
90-99	7	2.0%
Total	348	

**Cases between July 1<sup>st</sup> and Sept. 30<sup>th</sup> 2020**

Age Range	>=07/01/20 to 09/30/20	% of Cases
0-4	11	2.8%
5-13	22	5.6%
14-19	74	18.9%
20-29	85	21.7%
30-39	58	14.8%
40-49	55	14.1%
50-59	42	10.7%
60-69	29	7.4%
70-79	12	3.1%
80-89	3	0.8%
90-99	0	0.0%
Total	391	

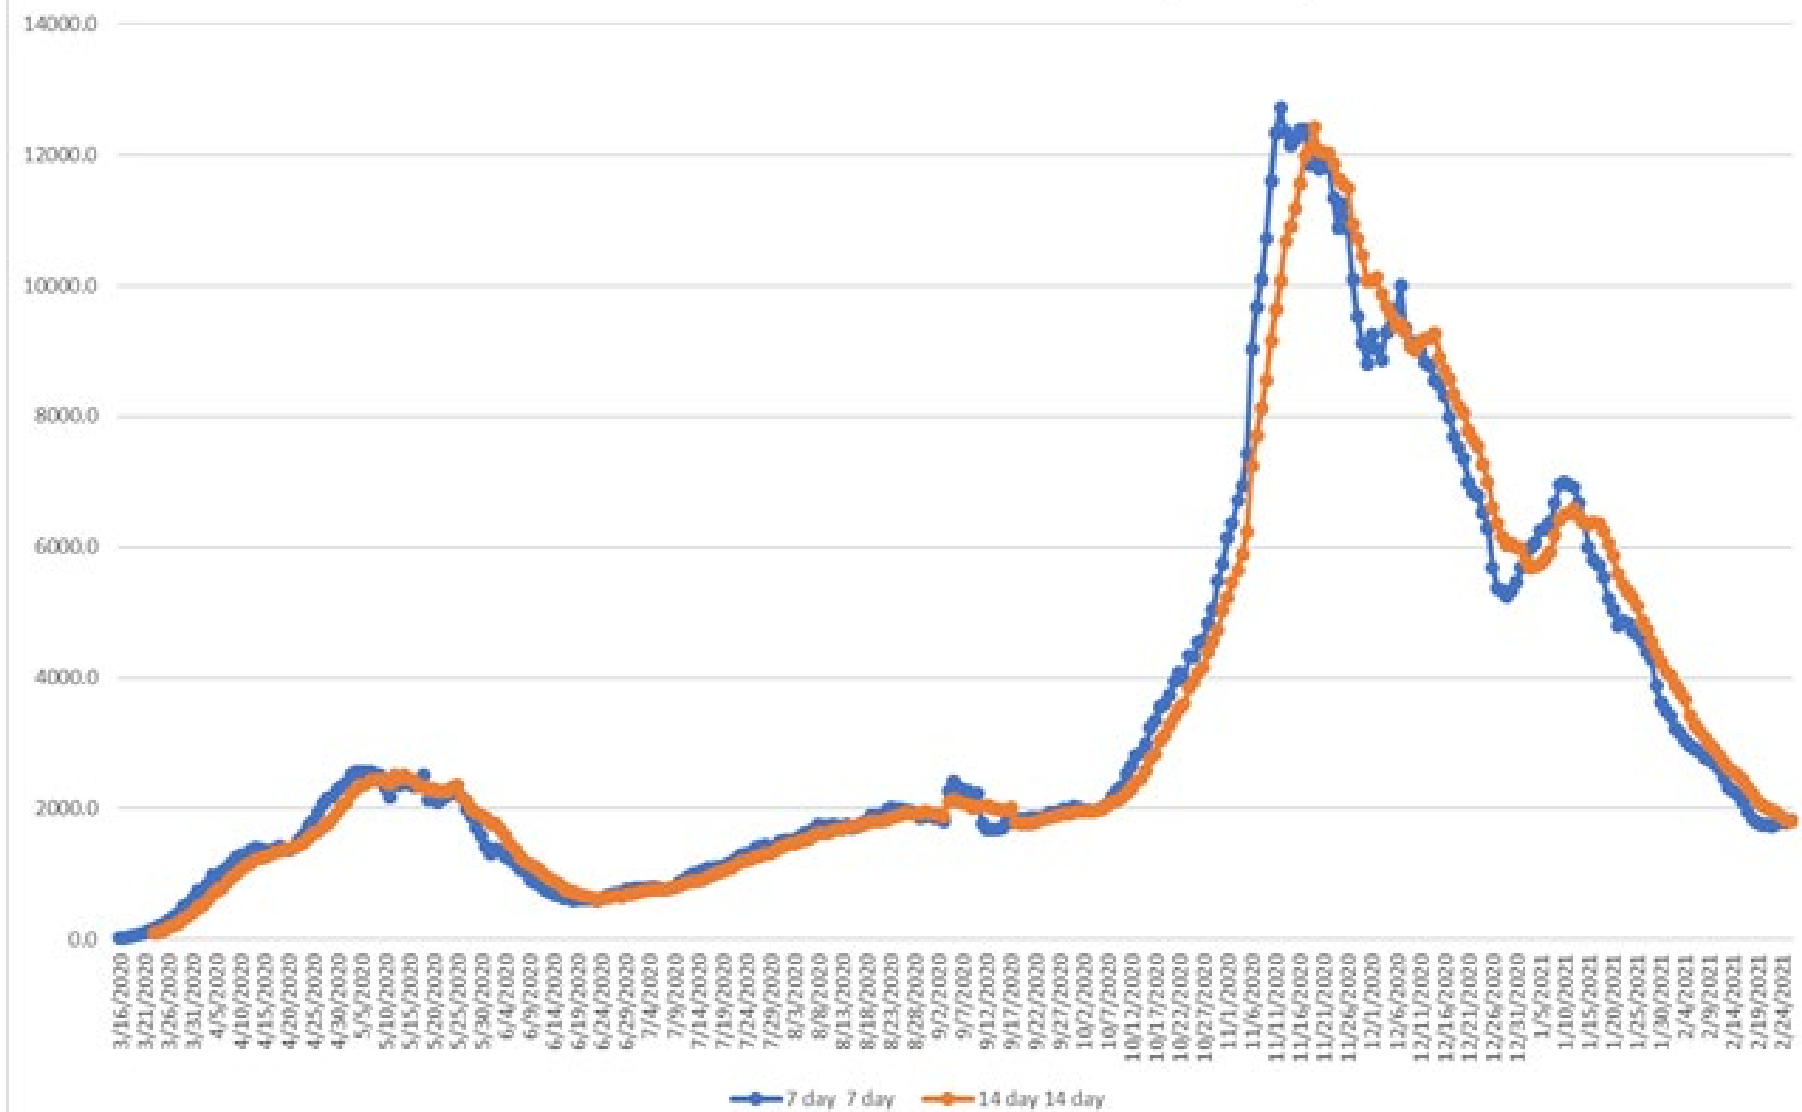

**Cases October 1<sup>st</sup> 2020 to current**

Age Range	>=10/01/20	% of Cases
0-4	55	2.8%
5-13	114	5.7%
14-19	173	8.7%
20-29	345	17.3%
30-39	316	15.9%
40-49	296	14.9%
50-59	301	15.1%
60-69	193	9.7%
70-79	117	5.9%
80-89	41	2.1%
90-99	38	1.9%
Total	1989
