June 13, 2017

Honorable Village President;
Village Board Trustees;
Village of Oak Park Citizens

The Comprehensive Annual Financial Report (“CAFR”) of the Village of Oak Park (the “Village”) for the year ended December 31, 2016 is hereby submitted. This report represents a comprehensive picture of the Village's financial activities during 2016 and the financial condition of its various funds on December 31, 2016. The Village is required to issue annually a report of its financial position and activity presented in conformance with generally-accepted accounting principles (“GAAP”) and audited in accordance with generally-accepted auditing standards by an independent firm of certified public accountants. Although formally addressed to the elected officials and citizens of Oak Park, this financial report is also intended for the general public and interested parties, including bondholders, financial institutions, and other governmental entities.

Responsibility for both the accuracy of the data presented as well as the completeness and fairness of the presentation, including all disclosures, rests with Village Management. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position of the Village and the results of its operations as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the Village's financial affairs have been included.

Sikich LLP has issued an unmodified (“clean”) opinion on the Village of Oak Park’s financial statements for the year ended December 31, 2016. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statement. MD&A portion is focused more on the technical accounting aspects of this report; it complements this letter of transmittal and should be read in conjunction with it.

Village of Oak Park

Transmittal Letter

Profile of the Government

The Village of Oak Park was incorporated in 1902 and operates under the council/manager form of government. This form of government was approved by referendum in 1953 and has been in effect since that time. The legislative body consists of the Village President and Board of six Trustees, all elected on an at-large basis to overlapping four-year terms. The Village Manager is responsible for the day-to-day operation of the Village.

The Village provides a full range of general governmental services. Specifically, the Village provides police and fire protection, health services, water and sewer utilities, street construction and maintenance, code enforcement, planning and zoning, and general administrative services.

The statements have been prepared in accordance with Statement No. 34 (Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments) of the Governmental Accounting Standards Board (“GASB”). The GASB is an organization that establishes accounting and financial reporting standards for state and local governments in the United States. Statement No. 34 significantly changed the required format for governmental statements in a number of ways. New for this year, the Village adopted GASB 68, *Accounting and Financial Reporting for Pension Plans*.

The Village is a home rule municipality as defined by the Illinois Constitution.

Located approximately 8 miles west of the City of Chicago, in Cook County, the Village occupies a land area of 4.6 square miles and has a certified 2010 Census of 51,878. Additional demographic information may be found in the statistical section of this report.

The most significant of these changes was to require that governments prepare government-wide financial statements in addition to the fund-based financial statements governments have traditionally prepared. The government-wide financial statements attempt to present a government’s financial position and results of operations in a manner similar to business. More information about this “financial reporting model” is provided in Management’s Discussion and Analysis (“MD&A”). The MD&A is located in the financial section of this report.

The financial reporting entity of the Village of Oak Park is comprised of all funds of the primary government (i.e., the Village of Oak Park as legally defined) and its pension trust funds: the Oak Park Police Pension Fund and the Oak Park Firefighters' Pension Fund. These funds were determined to be pension trust funds due to their fiduciary and fiscal relationships with the Village as their sole purpose is to provide retirement benefits to the Village's sworn police officers and firefighters. The Oak Park Public Library is no longer included as a discrete presentation since a separately elected board of trustees governs it. No other legally separate entity qualifies as a component unit of the Village.

Village of Oak Park

Transmittal Letter

Accounting System and Budgetary Control

The accounts of the Village are organized on the basis of funds, each of which is considered a separate and distinct accounting entity. The operations of each fund are accounted for with a separate set of “self-balancing” accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures.

Revenues are allocated to and accounted for in individual funds based upon the purpose for which they are to be expended and the means by which spending activities are controlled. In other words, each fund operates as its own “profit-and-loss center.”

The accounting records for general governmental operations are maintained on the modified accrual basis, with revenues being recorded when available and measurable, and expenditures being recorded when materials or services are received and the liability incurred. Accounting records for the Village's enterprise funds, internal service funds and pension trust funds are maintained on the accrual basis of accounting.

In brief, the three major basis of accounting are:

Cash

The cash method recognizes revenues and expenses at the time physical cash is actually received or paid out.

Accrual

This accounting method measures the performance and position of an entity by recognizing economic events regardless of when cash transactions occur. The general idea is that economic events are recognized by matching revenues to expenses (the matching principle) at the time in which the transaction occurs rather than when payment is made (or received). This method allows the current cash inflows/outflows to be combined with future expected cash inflows/outflows to give a more accurate picture of a company's current financial condition.

Modified Accrual

This accounting method commonly used by government agencies combines accrual-basis accounting with cash-basis accounting. Modified accrual accounting recognizes revenues when they become available and measurable and, with a few exceptions, recognizes expenditures when liabilities are incurred. This system divides available funds into separate entities within the organization to ensure that the money is being spent as it was intended.

Management of the Village is responsible for establishing and maintaining a system of internal accounting controls. These controls are designed to assure that the assets of the Village are safeguarded against any material loss, theft or misuse. These controls assure that the financial statements are in conformity with generally accepted accounting principles.

Village of Oak Park

Transmittal Letter

Internal accounting controls are designed to provide reasonable, but not absolute, assurances that control objectives will be met. The concept of reasonable assurances recognizes that (1) the cost of control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits require estimates and judgment by Management.

The annual budget serves as the foundation for the Village's financial planning and control. State law requires that a municipality operating under the budget system adopt its annual budget prior to the start of its fiscal year. Through the budget, spending authority is conveyed by expenditure object. The legal level of budgetary control is the department level, or, where no departmental segregation of a fund exists, the fund level. An electronic copy of the annual budget can be found on the Village's website.

Local Economy and Economic Factors

There are several measures of economic health for local governments. Perhaps four of the more objective measures or indicators are local employment levels, family income levels, construction activity, and retail sales. The overall outlook for the Village's economic market is strong given its stability in these key areas.

Employment levels in the Village have usually surpassed that of Cook County and the State of Illinois as a whole. As of December 31, 2016 the Village's unemployment rate was 4.1%. This compares to 5.6% for Cook County and 5.7% for the State of Illinois.

The most recent median household income figures demonstrate that the average income of Oak Park residents far exceeds county and state averages, \$111,257 compared to \$66,712 for Cook County and \$70,967 for the State of Illinois.

Properties within the Village are primarily residential although there is a fairly strong commercial component. As such, the Village has a strong dependence on property tax revenue, but sales tax is also a key revenue for supporting day-to-day Village operations. The property tax revenue derived from the residential, commercial, and industrial properties is based on the Village's annual tax levy and is extremely stable.

In 2016, the Retailers' Occupation Tax (ROT) generated \$3,866,241 which was \$262,546 greater than the prior year. The Village is a "built out" community and there are limited opportunities for bringing in substantial new sales tax dollars, especially from "big box" retailers. Therefore, any increase in this highly important revenue source must originate from increased sales from existing businesses or the opening of several smaller retail venues.

In addition to its large and diversified residential areas, Oak Park is home to multiple pockets of commercial districts and considered a hub for independent restaurants and eating/drinking establishments. This provides residents and visitors with options for both the quietness of a typical residential community along with the liveliness of a more urban environment. In essence, Oak Park residents have the best of both worlds within a relatively short distance.

Village of Oak Park

Transmittal Letter

In terms of expenditures, the majority of Village employees participate in one of nine collective bargaining agreements which often fix cost of living increases and certain benefits. There has been increasing pressure on the Village in recent years to be creative and enhance its revenue base without creating undue hardships for its residents and businesses. Due to a lack of “big box” retailers in the Village which typically generate a significant revenue stream in other comparable communities, more and more reliance has and will continue to be placed on the property tax for generating necessary operating revenues to maintain services within the community.

The Village currently maintains three separate tax increment financing districts (TIF). Incremental property tax generated within each of these three districts may only be used for TIF eligible expenses as dictated per State statute. TIFs have been successfully used by the Village over many years to regenerate and reinvigorate certain areas where growth may have been either stagnant or in decline. This benefits not only the Village but all the taxing districts within Oak Park boundaries.

Long-term Financial Planning & Financing

The Village utilizes a five-year Capital Improvement Program (CIP) to address major capital and infrastructure improvements. For a project to be included in the CIP, it must involve the creation or purchase of a tangible asset with an original cost of at least \$25,000 and a useful life of more than one year.

Projects that are programmed for the first year of the CIP are most closely scrutinized in the capital planning process because associated funding must be provided in that budget. The Village has primarily followed a “pay-as-you-go” funding strategy for maintenance and replacement of assets and has only issued debt for major, new projects.

The Village issued bond Series 2016A, 2016B, 2016C, 2016D, and 2016E during the year. Bond series 2016A refunded the earlier bond series 2006B with an approximate net present value savings from that refunding at \$5.0 million. In addition, series 2016B and 2016C at a combined total of approximately \$6.9 million were issued to escrow the bonds proceeds for a parking garage and streetscape redevelopment project related to the Colt/Westgate site, series 2016D was issued for \$10.0 million to fund 2016 budgeted capital improvement projects, and series 2016E of approximately \$10.4 million was used to reimburse a developer for a redevelopment project related to the Lake & Forest Garage.

All of the Village’s debt is fixed rate and thereby is not subject to fluctuations in the economy. More information regarding the Village’s debt can be found in Note 6 of the Notes to the Financial Statements.

Village of Oak Park

Transmittal Letter

Figure 1. Moody's rating structure

Rating	Description
Aaa	Best quality
Aa1, Aa2, Aa3	High quality by all standards
A1, A2, A3	Upper medium grade
Baa1, Baa2, Baa3	Medium grade
Ba1, Ba2, Ba3	Has speculative elements
B1, B2, B3	Generally lacks characteristics of a desirable investment
Caa	Poor standing, may be in default
Ca	Speculative in a high degree, often in default
C	Lowest rated class of bonds; extremely poor prospects

Standard and Poor's rating structure

Rating	Description
AAA (+ or -)	Extremely strong
AA (+ or -)	Very strong
A (+ or -)	Strong
BBB (+ or -)	Adequate
BB (+ or -)	Probability of vulnerable
B (+ or -)	Higher probability of vulnerable
CCC (+ or -)	Highly vulnerable
CC (+ or -)	Highly vulnerable, default a "virtual certainty"
C (+ or -)	Highly vulnerable, default a "virtual certainty" with lower seniority to other debt
D (+ or -)	Distressed

Pension Benefits – As required under State statute, the Village sponsors two independent employer defined benefit pension plans known as the Police Pension Plan and Firefighters' Pension Plan. Each year, a certified actuary hired by the Village calculates the amount of the recommended annual contribution that the Village should levy for each pension plan to ensure that the plan will be able to fully meet its financial obligations to both active public safety employees accruing pension benefits as well as current retirees.

As a matter of policy, the Village of Oak Park fully funds each year's annual required contribution to the pension plan as determined by an independent actuary. As of December 31, 2016 funding levels were 51.0% and 37.1% of the actuarial accrued liabilities for the Police Pension and Firefighters' Pension, respectively. It is the full intention of the Village to gradually reduce the unfunded liabilities by levying additional pension amounts above and beyond the normal annual pension cost in order to pay down the unfunded pension obligations.

The Village also provides pension benefits for its non-public-safety employees. These benefits are provided through a state-wide plan managed by the Illinois Municipal Retirement Fund (IMRF) Board.

Village of Oak Park

Transmittal Letter

Employees participating in IMRF are required to contribute 4.5% of their annual covered salary. The member rate is established by State statute. The Village's contribution requirements are established and amended by the IMRF Board of Trustees.

Risk Management - The Village's insurance coverage is outlined in the Notes to Financial Statements - Risk Management section. In summary, the Village is self-insured for general liability, auto liability and workers' compensation. The Village's retention for general liability is \$750,000.

In addition, the Village carries a policy for excess coverage for general and auto liability. Third-party coverage is currently maintained for property, auto comprehensive, boiler and machinery, construction equipment, and fidelity bonds.

The Village is self-funded for its health insurance. The prescription drug plans are part of either the PPO or HMO. The Village utilizes a third-party administrator to process claims.

Awards and Acknowledgements

The Village will submit its comprehensive annual financial report (CAFR) to the Government Finance Officers Association of the United States and Canada (GFOA) for the fiscal year ended December 31, 2016. In order to be awarded a Certificate of Achievement, the applicant must publish an easily readable and efficiently organized comprehensive annual financial report with contents that conform to program standards. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

Each certificate is only valid for one year. In order to qualify for the Certificate for the fiscal year ended December 31, 2016, the Village intends to submit an application for the award by the program deadline six months after fiscal year end. Based on the Village's commitment to and history of financial reporting excellence, we are confident that the herein submitted Comprehensive Annual Financial Report will qualify for the Certificate once again.

Finally, I would like to express my sincere appreciation to the entire finance team as well as other employees throughout the Village for their contributions during the audit process and for assisting as needed in the preparation of the Comprehensive Annual Financial Report. I also express a great deal of gratitude to the Village Manager, Village President, and Village Board of Trustees for their continued support during this process.

Respectfully submitted,

Steven Drazner
Chief Financial Officer/Treasurer

INDEPENDENT AUDITOR'S REPORT

1415 W. Diehl Road, Suite 400
Naperville, Illinois 60563

Certified Public Accountants & Advisors
Members of American Institute of Certified Public Accountants

INDEPENDENT AUDITOR'S REPORT

The Honorable Village President
Members of the Board of Trustees
Village of Oak Park, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Oak Park, Illinois (the Village) as of and for the year ended December 31, 2016, and the related notes to financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Oak Park, Illinois, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 14, the Village adopted GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*, which established standards for recognizing employer pension contributions made after the measurement date of the net pension liability, due to a change in the recognition of the net pension liability. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 13, 2017, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

Sikich LLP

Naperville, Illinois
June 13, 2017

**GENERAL PURPOSE EXTERNAL
FINANCIAL STATEMENTS**

MANAGEMENT'S DISCUSSION & ANALYSIS

DECEMBER 31, 2016

The Management Discussion and Analysis (“MD&A”) is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the Village’s financial activity, (3) identify Village’s financial position and ability to address future challenges, (4) identify material deviations from budget, and (5) identify concerns specific to individual funds.

Since the MD&A is designed to focus on the current year's activities, resulting changes, and currently known facts, please read it in conjunction with the Transmittal Letter and the Village's financial statements.

FINANCIAL HIGHLIGHTS

Net Position

- The Village’s total net position in 2016 decreased by \$8,391,921, or 69.3%, from the fiscal year’s beginning balance of \$12,170,457 to an ending balance of \$3,778,536.
- The governmental activities portion of net position decreased by 19.8%, or \$12,916,567, to \$(80,320,556).
- The business-type activities portion of net position increased by 5.7%, or \$4,524,646, to \$84,099,092.

Governmental Activities

- For the fiscal year ended December 31, 2016, revenues from Governmental Activities totaled \$76,436,871, a 6.9% increase, or \$4,963,195, from 2015.
- Property Taxes generated 51.5% of the Village’s revenue stream or \$39,387,902. Other taxes of \$20,724,907 are primarily attributable to the Village’s utility, sales, state income and real estate transfer taxes realizing an increase of \$1,874,091 from the 2015 fiscal year.
- For the fiscal year ended December 31, 2016, expenses from Governmental Activities totaled \$92,765,661, a \$9,169,640 decrease from the 2015 fiscal year predominately related to economic and community development as well as public works activities while slightly offset by increased public safety expense.

Village of Oak Park, Illinois

Management Discussion & Analysis

Business Type Activities

- Business-type activity total revenues increased by 5.0% or \$1,336,308 from FY 2015 for a total of \$27,844,567. Meanwhile, expenses also increased 3.0% in 2016 by \$666,892 for a total of \$22,455,338.

General Fund – Fund Balance

- In 2016, the Village's General Fund unassigned fund balance increased \$3,230,768 from \$5,278,056 to \$8,508,824.

In 2012, the Village Board formally adopted a fund balance policy with the stated goal to achieve an unassigned fund balance of ten to twenty percent of annual general fund expenses. While the policy sets an ideal level for reserves, as a practical matter this policy is unlikely to be and remain continuously attainable without a significant increase in property taxes, expanded and sustainable new retail developments, and/or noticeable reductions in services and capital projects.

USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL REPORT

In prior years, the primary focus of local government financial statements has been summarized by fund type information on a current financial resource basis. This approach has been modified, and the Village's Financial Statements present two kinds of statements, each with a different snapshot of the Village's finances.

The Financial Statements' focus is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major funds) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government), and enhance the Village's accountability.

Government-Wide Financial Statements

The Government-Wide Financial Statements are designed to emulate the corporate sector in that all governmental and business-type activities are consolidated into columns that add to a total for the Primary Government. The focus of the *Statement of Net Position* (the "Unrestricted Net Position") is designed to be similar to bottom line results for the Village and its governmental and business-type activities. This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations using the accrual basis of accounting and economic resources measurement focus. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the Village is improving or deteriorating.

The *Statement of Activities* presents information showing how the Village's net position changed during the most recent fiscal year and is focused on both the gross and net cost of various activities (including governmental and business-type), which are

Village of Oak Park, Illinois

Management Discussion & Analysis

supported by the Village's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various government services and/or subsidy to various business-type activities.

The Governmental Activities reflect the Village's basic services, including police, fire, public works, public health, highways and streets, community development, and general administration. Property taxes, shared state sales taxes, local utility and real estate transfer taxes, permits, fees and fines and shared state income taxes finance the majority of these activities. The Business-Type Activities reflect private sector-type operations (Waterworks Fund, Sewerage Fund, and Parking Funds), where the fee for service typically covers all or most of the cost of operation, including depreciation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Fund Financial Statement allows the demonstration of sources and uses and/or budgetary compliance associated therewith. Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is now on major funds, rather than (the previous model's) fund types. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

The Governmental Major Fund presentation is presented on a sources and uses of liquid resources basis. This is the manner in which the financial plan (the budget) is typically developed. The flow and availability of liquid resources is a clear and appropriate focus of any analysis of a government entity. The focus of governmental funds is narrower than that of the Government-Wide Financial Statements.

The Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances necessitate reconciliations to facilitate the comparison between governmental funds and governmental activities. The Governmental Funds Total column requires reconciliation because of the different measurement focus (current financial resources versus total economic resources), which is reflected. The flow of current financing resources reflects bond proceeds and inter-fund transfers as other financial sources as well as capital expenditures and bond principal payments as expenditures.

The reconciliation eliminates these transactions and incorporates the capital assets and long-term obligations (bond and others) into the Governmental Activities column (in the Government-Wide Statements).

The Village maintains various individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances. The General, Special Tax Allocation, Madison Street TIF, General Obligation Debt Service, and

Village of Oak Park, Illinois

Management Discussion & Analysis

Capital Improvement Funds are categorized as “major” Funds. Data from the other governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds

The Village maintains two different types of proprietary funds. The first, Enterprise Funds, are used to report the same functions presented in Business-Type Activities in the Government-Wide Financial Statements. The second, Internal Service Funds, are an accounting device used to accumulate and allocate costs internally among the Village’s various functions.

The Village uses internal service funds to account for property/general liability/workers compensation insurance and employee health and life insurance programs. Whereas Internal Service Funds serve governmental rather than business-type functions they have been included with Governmental Activities in the Government-Wide Financial Statements.

Proprietary Fund Financial Statements provide the same type of information as the Government-Wide Financial Statements, only in more detail. The Water and Sewer and Parking Funds are considered to be major funds of the Village and are presented in separate columns in the Fund Financial Statements. The Solid Waste Fund is the Village’s non-major enterprise fund. The Internal Service Funds are combined in a single, aggregate presentation in the Proprietary Fund Financial Statements. Individual fund data for the non-major enterprise and internal service funds are presented elsewhere in the report.

Fiduciary Funds

Fiduciary funds are used to account for recourses held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statements because these assets are restricted in purpose and do not represent discretionary assets of the government. The Village maintains two independent fiduciary funds, the Police and Firefighters’ Pension Funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and Fund Financial Statements.

Village of Oak Park, Illinois

Management Discussion & Analysis

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including the major general and special revenue fund budgetary schedules and data concerning the Village's progress in funding its obligation to provide pension benefits to its employees.

The combining and individual fund statements referred to earlier in connection with major and non-major governmental, enterprise, internal service, pension trust, and component units funds are presented immediately following the required supplementary information on pensions.

Infrastructure Assets

Historically, a government's largest group of assets (infrastructure - roads, bridges, storm sewers, etc.) have neither been reported nor depreciated in governmental financial statements. Government wide statements require that these assets be valued and reported within the Governmental activities column of the Government-Wide Statements. Additionally, the government must elect to either:

- (1) Depreciate these assets over their estimated useful life; or
- (2) Develop a system of asset management designed to maintain the service delivery potential to near perpetuity.

If the government develops the asset management system (the modified approach) that periodically (at least every third year), by category, measures and demonstrates its maintenance of locally established levels of service standards, the government may record its cost of maintenance in lieu of depreciation. The Village has chosen to depreciate assets over their useful life. If a road project is considered a recurring cost that does not extend the road's original useful life or expand its capacity, the cost of the project will be expensed. An "overlay" of a road will be considered maintenance whereas a "rebuild" of a road will be capitalized.

Management Discussion & Analysis

FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

Governmental Funds

At December 31, 2016 the Governmental Funds reported a combined fund balance of \$38,433,953, an increase of \$12,358,308 from the beginning of the year's balance of \$26,075,645.

The General Fund is the Village's primary operating fund and the largest funding source of day-to-day service delivery. The unassigned fund balance of the General Fund increased by \$3,230,768, to a total of \$8,508,824.

The Special Tax Allocation Fund recognized a decrease in its overall fund balance in fiscal year 2016 by \$193,664 to a total balance of \$3,689,191.

The Madison Street TIF Fund recognized an increase in its overall fund balance in fiscal year 2016 by \$463,687 to a total balance of \$12,746,212.

The General Obligation Debt Service Fund recognized an increase in its overall fund balance in fiscal year 2016 by \$8,766,273 to a total balance of \$9,332,964.

The Capital Improvement Fund recognized an increase in its overall fund balance in fiscal year 2016 by \$3,002,124 to a total balance of \$3,212,245 primarily due to interfund bond proceed revenue transferred in from the issuance of bonds.

Proprietary Funds

At December 31, 2016 the Proprietary Funds' (for Business-type Activities) total net position increased by \$4,524,646 for a total of \$84,099,092. Overall operating revenue increased \$1,128,885 in 2016 to \$27,597,358 primarily from higher water/sewer rates. In total, operating income before depreciation and amortization was \$8,865,526, or a \$1,027,929 increase over the previous year.

The Water and Sewer Fund increased its overall net position in fiscal year 2016 by \$4,521,141 to a total balance of \$55,513,504.

The Parking Fund increased its overall net position in fiscal year 2016 by \$774,006 to a total balance of \$27,966,180.

The Environmental Services Fund decreased its overall net position in fiscal year 2016 by \$770,501 to a total balance of \$619,408.

Village of Oak Park, Illinois
Management Discussion & Analysis

DEBT

The Village's outstanding debt for its Governmental and Business-Type Activities as of December 31, 2016 amounts to \$83,912,265 and \$21,672,735, respectively. This is an increase of \$11,745,163 for Governmental Activity debt and an increase of \$8,798,385 for Business Type Activity debt.

CAPITAL ASSETS

The Village's investment in capital assets for its Governmental and Business-Type Activities as of December 31, 2016, amounts to \$196,216,843. The investment in capital assets includes land, buildings, equipment, and improvements other than buildings, underground systems, infrastructure, and construction in progress. Detailed information regarding the change in capital assets for Governmental and Business-Type Activities is included in Note 4 in the Notes to the Financial Statements.

BUDGETARY HIGHLIGHTS

The Village adopts an annual modified accrual basis budget for each fiscal year. Departments submit budget requests to the Chief Financial Officer and Village Manager for input during the process. The budget is prepared by fund, function, and activity, and includes historical results, current year projections, and requested amounts for the subsequent fiscal year. The proposed budget is presented to the Village Board for review, at which time public hearings are held and the budget is then adopted. Detailed information on the Village's budget to actual results starts on page 98 of the report.

CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

Thank you for taking an interest in the Village's finances and for your time reviewing this audit report. The report is designed to provide our residents, businesses, customers, investors, and creditors with a detailed overview of the Village's financial information and to illustrate financial accountability and transparency. The governing body prides itself for its open-style of communication with the public and always welcomes review and discussion.

Any questions concerning this report or requests for additional financial information should be addressed to: *Village of Oak Park, Attention: Chief Financial Officer, 123 Madison Street, Oak Park, Illinois 60302* or finance@oak-park.us. VILLAGE OF OAK PARK, ILLINOIS

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES TO THE
GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES

For the Year Ended December 31, 2016

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 12,896,366
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities	9,091,882
Governmental funds report the proceeds of the sale of capital assets, while a gain or loss is reported in the statement of activities	(4,835)
The receipt of debt service contributions from the Library is reported as revenue in the governmental funds but as a decrease of due from other governments in the statement of activities	(2,112,788)
The issuance of long-term debt is reported as an other financing source in governmental fund but as an increase of principal outstanding in the statement of activities	
Debt issued	(37,225,000)
The deferred gain on refunding is deferred and amortized	(543,440)
Payments to an escrow agent in the course of a refunding are reported as other financing uses in the funds but as a decrease of the refunded liability in the statements of activities	19,997,126
The amortization of discount on long-term debt does not provide current financial resources and, therefore, is not reported as revenue in the governmental funds	243,091
The change in the net pension liability and related deferred inflows/outflows of resources is not a current financial resource and, therefore, is not reported in the governmental funds	(17,639,817)
The amortization of premium on long-term debt does not provide current financial resources and, therefore, is not reported as revenue in the governmental funds	(129,916)
The repayment of the principal portion long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities	5,851,452
Accrual of interest is reported as interest expense on the statement of activities	(208,307)
The decrease in the pollution remediation obligations is reported as an expense in the statement of activities	769,877
Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	
Depreciation of capital assets	(5,580,473)
Amortization of deferred charge on refunding	(117,381)
The decrease in the compensated absences liability is an expense on the statement of activities	281,787
The change in net other postemployment benefits obligations are reported only in the statement of activities	(43,673)
The change in net position of certain activities of internal service funds is in governmental funds	(414,137)
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ (14,888,186)

See accompanying notes to financial statements.

VILLAGE OF OAK PARK, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

December 31, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Village of Oak Park, Illinois (the Village) have been prepared in conformity with accounting principles generally accepted in the United States of America (hereinafter referred to as generally accepted accounting principles (GAAP)), as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below.

a. Reporting Entity

The Village is a municipal corporation governed by an elected Village President and a six-member board of trustees. As required by GAAP, these financial statements present the Village (the primary government) and its component units.

The Village's financial statements include two pension trust funds.

Police Pension Employees Retirement System

The Village's police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village President, one elected pension beneficiary and two elected police employees constitute the pension board. The Village and PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it possesses many of the characteristics of a legally separate government, PPERS is reported as if it were part of the primary government because its sole purpose is to finance and administer the pensions of the Village's police employees, and because of the fiduciary nature of such activities. PPERS is reported as a pension trust fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a. Reporting Entity (Continued)

Firefighters' Pension Employees Retirement System

The Village's firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village President, one elected pension beneficiary and two elected fire employees constitute the pension board. The Village and FPERS participants are obligated to fund all FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it possesses many of the characteristics of a legally separate government, FPERS is reported as if it were part of the primary government because its sole purpose is to finance and administer the pensions of the Village's firefighters and because of the fiduciary nature of such activities. FPERS is reported as a pension trust fund.

Based on the criteria of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, there are no component units for which the Village is considered to be financially accountable.

b. Fund Accounting

The Village uses funds to report on its financial position, changes in its financial position and cash flows. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts.

Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of the Village's general activities. Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Capital projects funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest. The General Fund is used to account for all activities of the general government not accounted for in some other fund.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Fund Accounting (Continued)

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the Village (internal service funds).

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Village. When these assets are held under the terms of a formal trust agreement, a pension trust fund is used. The pension trust funds account for the assets of the Village's public safety employees' pension plans.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statements of net position and the statement of activities) report information on all of the nonfiduciary activities of the Village. The effect of material interfund activity has been eliminated from these financial statements. Interfund services provided and used are not eliminated on these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

The Special Tax Allocation Fund accounts for the receipts and disbursements of tax increment revenues and other financial resources restricted to the Downtown Oak Park Business District.

The Madison Street TIF Fund accounts for the receipt and disbursement of tax increment revenues and other financial resources received restricted to the Madison Street Business corridor.

The General Obligation Debt Service Fund accounts for the resources restricted for the payment of principal and interest on the Village's general obligation debt.

The Village reports the following major proprietary funds:

The Water and Sewer Fund accounts for the provision of water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, financing of debt service, maintenance, billing and collection.

The Parking Fund accounts for the administration and operation of parking areas within the Village as well as the development of new parking areas. All activities necessary to provide such services are accounted for in this fund including administration, operations, maintenance, financing of debt service and collection efforts.

Internal service funds account for operations that provide services to other departments or agencies of the Village, or to other governments, on a cost-reimbursement basis. The Village reports the Self-Insured Retention Fund and the Employee Health and Life Insurance Fund as internal service funds.

The Village reports the following fiduciary funds:

The Village reports Pension Trust Funds as fiduciary funds to account for the Police Pension Fund and Firefighters' Pension Fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expenses are directly attributable to the operation of the proprietary funds. Non-operating revenue/expenses are incidental to the operations of these funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become measurable, available and earned). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Village recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as expenditures when due.

Those revenues susceptible (within 60 days except sales, income and telecommunications tax which use 90 days) to accrual are property taxes, franchise taxes, licenses, interest revenue and charges for services. Sales taxes owed to the state at year end on behalf of the Village are also recognized as revenue. Fines and permits revenues are not susceptible to accrual because generally they are not measurable until received in cash.

In applying the susceptible to accrual concept to intergovernmental revenues (i.e., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidelines. Monies that are virtually unrestricted as to purpose of expenditure, which are usually revocable only for failure to comply with prescribed compliance requirements, are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

The Village reports unearned revenue and unavailable/deferred revenue on its financial statements. Unavailable revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period, under the modified accrual basis of accounting. Deferred revenues arise when property tax levies are intended to finance the next fiscal year. Unearned revenue arises when

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

a revenue is measurable but not earned under the accrual basis of accounting. Unearned revenues also arise when resources are received by the Village before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the issuance of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the liability and deferred inflows of resource for unearned and unavailable/deferred revenue are removed from the financial statements and revenue is recognized.

e. Cash and Investments

For purposes of the statement of cash flows, the Village's proprietary funds consider all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

f. Investments

Investments with a maturity of one year or less when purchased and all nonnegotiable certificates of deposit are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are reported at fair value. All investments of the pension trust funds, regardless of length of maturity, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Insurance separate accounts are valued at contract value as of December 31, 2016.

g. Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the financial statements. Short-term interfund loans, if any, are classified as "interfund receivables/payables."

Advances between funds, if any, are offset by nonspendable fund balance in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Prepaid Items/Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses.

i. Property Held for Resale

Property held for resale is valued at the lower of cost or market. Reported property held for resale is equally offset by nonspendable fund balance or restricted fund balance if the proceeds would be restricted, which indicates that it does not constitute available spendable resources. The property held consists of numerous parcels, mostly within TIF Districts, that the Village owns and is holding until sold.

j. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, storm water), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

With regard to improvements to buildings and improvements to infrastructure, the expenditure must be significant and comprise an improvement to the property. The capitalization for building improvements shall be an amount in excess of \$75,000. The capitalization threshold for infrastructure improvements shall be in excess of \$100,000.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Capital Assets (Continued)

Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	40
Parking structures	10
Machinery and equipment	5
Vehicles	4
Roadways	24-50
Water and sewer mains	40-50

k. Compensated Absences

Vested or accumulated vacation and sick leave are only recorded as a liability and expenditure in the governmental funds for retirees or terminated employees. Vested or accumulated vacation and sick leave of proprietary funds at both levels and governmental activities at the government-wide level is recorded as an expense and liability as the benefits accrue to employees.

In accordance with the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as “terminal leave” prior to retirement.

l. Rebatable Arbitrage

The Village reports rebatable arbitrage as a reduction of revenue. Where applicable, any liability for rebatable arbitrage is reported in the fund in which the excess interest income was recorded.

m. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

m. Long-Term Obligations (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

The Village has adopted GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, which prescribes the method for financial reporting and disclosure of a liability relating to pollution remediation. According to GASB Statement No 49, the Village is required to estimate its expected outlays for pollution remediation and accrue for the corresponding liability if any obligating events requiring reporting and disclosure occur:

- a. The Village is compelled to take pollution remediation action because of an imminent endangerment.
- b. The Village violates a pollution prevention-related permit or license.
- c. The Village is named, or evidence indicates that it will be named, by a regulator as a responsible party or potentially responsible party for remediation, or as a governmental entity for sharing costs.
- d. The Village is named or evidence indicates that it will be named, in a lawsuit to compel participation in pollution remediation.
- e. The Village commences or legally obligates itself to commence pollution remediation.

The Village has identified underground storage tanks which have been removed, but has identified a pollution remediation liability in connection with the circumstances. Note 7 provides detail on the Village's pollution remediation obligation.

n. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

o. Fund Balances/Net Position

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not in spendable form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose or externally imposed by outside entities. None of the restricted fund balance result from enabling legislation adopted by the Village. Committed fund balance is constrained by formal actions of the Village's Board, which is considered the Village's highest level of decision-making authority. Formal actions include ordinances approved by the Village Board. Assigned fund balance represents amounts constrained by the Village's intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the Village's Chief Finance Officer through the Village's fund balance policy. Any residual fund balance of the General Fund is reported as unassigned, which has a target of between 10% and 20%.

The Village's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the Village considers committed funds to be expended first followed by assigned and then unassigned funds.

In the government-wide financial statements, restricted net positions are legally restricted by outside parties for a specific purpose. None of the Village's restricted net positions are restricted as a result of enabling legislation adopted by the Village. The Village's net investment in capital assets is the book value of the capital assets less the outstanding principal balance of long-term debt issued to construct or acquire the capital assets.

p. Interfund Transactions

Interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services transactions and reimbursements, are reported as transfers.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

q. Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

2. DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds, except in certain restricted and special funds and pension trust funds. Each funds portion of this pool is displayed on the financial statements as cash and investments.

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury, U.S. agency and U.S. instrumentality, money market mutual funds regulated by the SEC and whose portfolios consist only of domestic securities, investment-grade obligations of state, provincial and local governments and public authorities, certificates of deposits and other evidences of deposit at financial institutions, bankers' acceptances and commercial paper, rated in the highest tier by a nationally recognized rating agency, local government investment pools, either state-administered or through joint powers statutes and other intergovernmental agreement legislation.

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

Village Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral with a fair value of 105% of all bank balances in excess of federal depository insurance. One of the Village's banks pledges collateral to a single institution collateral pool whereby collateral is pooled in one account at a separate bank acting for all public entity deposits in that bank.

The Village's deposits with financial institutions were covered by either FDIC or collateral pledged to the Village with exception of one financial institution for which approximately \$144,698 was exposed to custodial credit risk.

2. DEPOSITS AND INVESTMENTS (Continued)

Village Investments

In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio so that securities mature concurrent with cash needs. The investment policy limits the maximum maturity length of investments to five years from date of purchase, unless specific authority is given to exceed. Investments in reserve funds may be purchased with maturities to match future projects or liability requirements. In addition, the policy requires the Village to structure the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government. Illinois Funds is rated AAA by Standard and Poor's.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Village's agent separate from where the investment was purchased or by the trust department of the bank where purchased, in the Village's name. Illinois Funds and the money market mutual fund are not subject to custodial credit risk.

Concentration of credit risk is the risk that the Village has a high percentage of their investments invested in one type of investment. The Village's investment policy limits the Village's investments to the safest types of securities, pre-qualifies financial institutions, broker/dealers, intermediaries, and advisors with which the Village does business and diversifies the investment portfolio so that potential losses on individual securities will be minimized. At December 31, 2016, the Village's only investments were in money market accounts.

3. RECEIVABLES

a. Property Taxes

Property taxes for 2016 attach as an enforceable lien on January 1, 2016, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and issued on or about February 1, 2017 and October 1, 2017, and are payable in two installments, on or about March 1, 2017 and November 1, 2017. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 3% of the tax levy, to reflect actual collection experience. As the 2016 tax levy is intended to fund expenditures for the 2017 fiscal year, these taxes are reported as unavailable/deferred as of December 31, 2016.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

3. RECEIVABLES (Continued)

b. Community Development Loans

The Village has several loan programs which provide loans to residents and certain housing development agencies for the rehabilitation of single-family and multi-family housing. Funding for the loans is from community development grants, the proceeds of general obligation bonds and the Equity Assurance Fund. The community development single-family loan program and single-family emergency loan program provide interest-bearing and 29-year deferred payment loans.

In addition, the Community Development Grant Fund financed short-term loans to certain housing development agencies. The housing bond multi-family loan program makes loans for 10 to 20-year terms. The equity assurance employee down payment loans are 12-year loans with payments deferred for the first three years and a balloon payment in the 12th year. Additionally, the Special Tax Allocation Fund provides retail rehabilitation loans.

The following is a summary of changes in notes receivable during the fiscal year:

Fund	Balances January 1	Issuances	Repayments	Balances December 31
Equity Assurance General Fund Subfund - notes bearing interest of 8.3% to 9.9%.	\$ 6,534	\$ -	\$ -	\$ 6,534

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and illnesses of employees. The Village has established a limited self-insurance program for workers' compensation and liability claims. The Village is self-insured for the first \$750,000 for liability claims and health insurance claims and \$1,000,000 for workers' compensation claims. Commercial insurance is carried for amounts in excess of the self-insured amounts. There has been no significant reduction in coverage in any program from coverage in the prior year. For all programs, settlement amounts have not exceeded insurance coverage for the current or three prior years. The Village's self-insurance activities are reported in the Self-Insurance Retention Fund which is an internal service fund. Premiums have been displayed as expenditures/ expenses in appropriate funds. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current or the three prior years.

Premiums are paid into the Self-Insurance Retention Fund by the departments of the General Fund and other funds based upon historical cost estimates. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Reported liabilities are actuarially determined and include an amount for claims that have been incurred but not reported. The total claims liability as of December 31, 2016 was \$4,118,915.

A reconciliation of claims liability for the current year and that of the preceding year follows:

	Workers' Compensation	General Liability	Health Insurance	Total
CLAIMS PAYABLE, DECEMBER 31, 2014	\$ 1,586,418	\$ 2,051,449	\$ -	\$ 3,637,867

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. RISK MANAGEMENT (Continued)

Claims and Judgments

The Village is obligated under a judgment order dated December 8, 1987 to pay an annual pro-rata salary to two separated police officers on the attainment of the individuals' 50th birthdays based on prevailing wages at the date of initial distribution. The Village has purchased annuities valued at \$59,324 at December 31, 2016 to fund this liability. The actuarial calculated liability of this obligation at December 31, 2016 was \$905,845 and is included in claims payable.

6. LONG-TERM DEBT

a. Changes in Long-Term Liabilities

During the fiscal year, the following changes occurred in long-term liabilities:

	Balances January 1, Restated	Additions	Reductions	Balances December 31	Current Portion

b. Governmental Activities

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government and proprietary activities. These bonds, therefore, are reported in the proprietary funds if they are expected to be repaid from proprietary revenues. In addition, general obligation bonds have been issued to refund general obligation bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

	Fund Debt Retired By	Balances January 1	Additions	Reductions	Balances December 31	Current Portion
\$5,000,000 General Obligation Corporate Purpose Bonds Series 2006A dated May 15, 2006 due in annual installments of \$80,000 to \$800,000 plus interest at 4.375% to 4.875% through November 1, 2026.	Debt Service	\$ 345,000	\$ -	\$ 135,000	\$ 210,000	\$ 210,000

	Fund Debt Retired By	Balances January 1	Additions	Reductions	Balances December 31	Current Portion
\$4,075,000 General Obligation Corporate Purpose Bonds Series 2016B dated March 30, 2016, due in annual installments of \$190,000 to \$315,000 plus interest at 1.6% to 4.0% through November 1, 2035.	Debt Service	\$ -	\$ 4,075,000	\$ -	\$ 4,075,000	\$ -
\$2,845,000 General Obligation Corporate Purpose Bonds Series 2016C dated March 30, 2016, due in annual installments of \$50,000 to \$2,845,000 plus interest at 1.70% to 2.25% through November 1, 2021.	Debt Service	-	2,845,000	-	2,845,000	-
TOTAL BONDS AND NOTES		\$ 62,172,102	\$ 37,225,000	\$ 24,709,837	\$ 74,687,265	\$ 3,776,728

- (1) The General Obligation Corporate Purpose Project and Refunding Bonds Series 2011B outstanding at December 31, 2016 totaling \$4,950,000 are allocated \$2,061,481 to governmental activities and \$2,888,519 to business-type activities in the Enterprise - Water and Sewer Fund.
- (2) The General Obligation Corporate Purpose Refunding Bonds Series 2012A outstanding at December 31, 2016 totaling \$7,460,000 are allocated \$5,665,784 to governmental activities and \$1,794,216 to business-type activities in the Enterprise - Water and Sewer Fund.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. LONG-TERM DEBT (Continued)

b. Governmental Activities (Continued)

Revenue bonds are limited obligations and are payable solely from the revenue streams or trusts that are securing the obligations. Revenue bonds currently outstanding are as follows:

	Fund Debt Retired By	Balances January 1	Additions	Reductions	Balances December 31	Current Portion
\$9,995,000 Sales Tax Revenue Bonds Series 2006C dated December 12, 2006, due in annual installments of \$770,000 to \$1,120,000 plus interest at 4.00% to 4.25% commencing December 1, 2016 through December 1, 2026.	Special Tax Allocation	\$ 9,995,000	\$ -	\$ 770,000	\$ 9,225,000	\$ 790,000
TOTAL		\$ 9,995,000	\$ -	\$ 770,000	\$ 9,225,000	\$ 790,000

The revenue bonds and interest thereon are limited obligations of the Village payable solely from the pledged sales taxes. Pledged taxes include distributions to the Village by the State of Illinois municipal retailers' occupation taxes or service occupation taxes and collections by the Village of any taxes imposed under its powers as a home rule unit. These pledges will remain until all bonds are retired or mature in 2026 as disclosed above. During the current fiscal year, the principal and interest on the bonds was approximately 16.4% of the pledged sales taxes (local and home rule).

c. Advance Refunding

On March 30, 2016, the Village issued \$20,300,000 in General Obligation Corporate Purpose Refunding Bonds, Series 2006A, due in annual installments of \$175,000 to \$4,240,000 plus interest at 3.000% to 3.375% through November 1, 2032 to advance refund a portion of the General Obligation Corporate Purpose Capital Appreciation Bonds, Series 2006B in the amount of \$19,540,724. The net proceeds of \$19,997,125 (after payment of \$361,585.06 in underwriting fees, insurance and other issuance costs) were used to purchase government securities.

A portion of the 2006B Bonds outstanding were callable, and therefore were refunded. The remainder, in the amount of \$381,697, will be paid from an escrow account created by depositing proceeds of \$381,697 into an irrevocable trust with an escrow agent to provide for all future debt service payments on the portion of the 2006B Bonds outstanding. As a result, the entire balance of the 2006B Bonds are considered to be defeased and the liability for those bonds has been removed from the government-wide statement of net position.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. LONG-TERM DEBT (Continued)

c. Advance Refunding (Continued)

Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the portion of the General Obligation Corporate Purpose Capital Appreciation Bonds, Series 2005B refunded. As a result, a portion of the General Obligation Corporate Purpose Capital Appreciation Bonds, Series 2005B are considered to be defeased and the liability for those bonds has been removed from the government-wide statement of net position. This transaction resulted in a decrease in future debt payments of \$4,982,844 and an economic gain of \$4,986,716.

d. Business-Type Activities

The Village issues bonds where the Village pledges income derived from the acquired or constructed assets to pay debt service. Bonds currently outstanding are as follows:

	Fund Debt Retired By	Balances January 1	Additions	Reductions	Balances December 31	Current Portion
\$13,315,000 General Obligation Refunding Bonds Series 2010C dated August 17, 2010, due in annual installments of \$175,000 to \$1,585,000 plus interest at 3% to 4% through November 1, 2023 (1).	Water and Sewer Fund/ Parking Fund	\$ 8,005,000	\$ -	\$ 1,410,000	\$ 6,595,000	\$ 1,455,000

2024	1,000,000	134,725
2025	1,050,000	92,225
2026	1,120,000	47,600
TOTAL	\$ 9,225,000	\$ 2,255,212

f. Legal Debt Margin

The Village is a home rule municipality.

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

“The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property ... (2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: ...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum ...shall not be included in the foregoing percentage amounts.”

To date the General Assembly has set no limits for home rule municipalities.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. LONG-TERM DEBT (Continued)

g. Capital Leases

The Village is committed under leases for various vehicle and equipment purchases as follows:

Issue	Fund Debt Retired by	Balances January 1	Additions	Reductions	Balances December 31	Current Portion
Vehicles	Fleet Replacement	\$ 954,540	\$ 203,830	\$ 187,011	\$ 971,359	\$ 231,131
TOTAL		\$ 954,540	\$ 203,830	\$ 187,011	\$ 971,359	\$ 231,131

The Village entered into a capital lease during the year ended December 31, 2010 for the purchase of two fire engines at a gross cost of \$794,234. The total lease payable was \$794,234 and is payable in eight annual payments of \$99,262 beginning in fiscal year 2011 after an initial payment of \$160,000 in fiscal year 2010 at 5.2% interest.

The Village entered into a capital lease during the year ended December 31, 2013 for the purchase of an ambulance at a gross cost of \$168,083. The total lease payable was \$168,083 and is payable in three annual payments of \$58,072 beginning in fiscal year 2013 at 2.476% interest.

The Village entered into a capital lease during the year ended December 31, 2014 for the purchase of fire trucks at a gross cost of \$795,294. The total lease payable was \$795,294 and is payable in ten annual payments of \$94,858 beginning in fiscal year 2014 at 3.34% interest.

The Village entered into a capital lease during the year ended December 31, 2016 for the purchase of an ambulance at a gross cost of \$203,830. The total lease payable was \$203,830 and is payable in three annual payments of \$71,783 beginning in fiscal year 2017 at 2.80% interest.

Annual debt service requirements to maturity under capital leases are as follows:

Year Ending December 31,	Total
2017	\$ 265,903
2018	265,903
2019	166,641
2020	94,858
2021	94,858
2022	94,861
2023	94,853
Total minimum lease payments	1,077,877
Less: amount representing interest costs	(106,518)
PRESENT VALUE OF MINIMUM LEASE PAYMENTS	\$ 971,359

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. POLLUTION REMEDIATION OBLIGATION

The Village has recognized a pollution remediation liability for cleanup and remediation after the removal of six previously unidentified underground storage tanks in the amount of \$1,600,000. The estimate was calculated by performance of a site assessment to obtain an evaluation of the cost associated with correcting the environmental effects in accordance with the requirements of the (Illinois Environmental Protection Agency) IEPA. This liability is subject to changes due to price fluctuations, changes in technology, or application laws and regulations. An amount of estimated recoveries is not determinable.

8. CONTRACTUAL COMMITMENTS

Joint Venture

The Village participates in the West Suburban Consolidated Dispatch Center (WSCDC), a governmental joint venture with the Village of River Forest and the Village of Elmwood Park. The joint venture was formed in 1999 under the Intergovernmental Cooperation Act (ILCS 5, Act 220) for the joint and mutual operation of a centralized communication system. WSCDC commenced operations on May 1, 2002. All activities of WSCDC are cost shared by the members. Each member's share for each fiscal year of operation will be based on the total number of calls dispatched by the member in the preceding fiscal year divided by total calls dispatched by all members during the preceding fiscal year. Each member's cost sharing allocation is approved by the Board of Directors of WSCDC annually. Either member may withdraw from the joint venture upon one year notice.

During fiscal 2016, the Village's allocated cost share totaled \$1,434,345 including operational expenses and acquisition of equipment.

9. INDIVIDUAL FUND DISCLOSURES

a. Due To/From Other Funds

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. INDIVIDUAL FUND DISCLOSURES (Continued)

b. Transfers (Continued)

The purpose of significant transfers is as follows:

- \$3,020,604 transfer to the General Fund:
 - a. \$1,300,000 from the Motor Fuel Tax Fund for capital projects.
 - b. \$500,004 from the Capital Improvements Fund for administration costs.
 - c. \$1,220,600 from various other funds.
- \$835,772 transfer to the Debt Service Fund from the General Fund for reimbursement of routine annual debt service payments.
- \$1,077,000 transfer to the E911 Fund from the General Fund for contractual services.
- \$700,000 transfer to the Special Service Area #1 Fund from the Downtown TIF Fund for contractual services.
- \$520,004 transfer to the Capital Building Improvements Fund from the CIP Fund and various other funds for \$500,004 and \$20,000, respectively.
- \$1,050,000 transfer to the Equipment Replacement Fund from the CIP Fund for contractual services.
- \$1,000,008 transfer to the Fleet Replacement Fund from the CIP Fund for contractual services.
- \$11,526,837 transfer to the Capital Improvements Fund from the Debt Service and General Funds for \$10,376,829 and \$1,150,008, respectively.
- \$3,000,000 transfer to the Colt Westgate Redevelopment Fund from the Downtown TIF Fund for environmental contractual services.
- \$60,000 transfer to the Parking Fund from the General Fund for reimbursement of debt service expenses. Special Service Area #1

c. Deficit Fund Balances

As of December 31, 2016, the Lake Forest Development Project Fund, Colt Westgate Redevelopment Fund, South Harlem Redevelopment Fund, Self-Insurance Retention Fund and Community Development Block Grant Fund had deficit fund balances of \$532,840, \$4,117,538, \$133,384, \$3,817,461 and \$20,124 respectively.

10. CONTINGENT LIABILITIES

a. Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

b. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

11. EMPLOYEE RETIREMENT SYSTEMS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system; the Sheriff's Law Enforcement Personnel (SLEP) (also administered by IMRF); the Police Pension Plan which is a single-employer pension plan; and the Firefighters' Pension Plan which is also a single-employer pension plan. The benefits, benefit levels, employee contributions and employer contributions for all three plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. None of the pension plans issue separate reports on the pension plans. However, IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

Illinois Municipal Retirement Fund and Sheriff's Law Enforcement Personnel

a. Plan Description

Illinois Municipal Retirement Fund

All employees (other than those covered by the Police or Firefighters' Pension Plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Illinois Municipal Retirement Fund and Sheriff's Law Enforcement Personnel (Continued)

a. Plan Description (Continued)

Illinois Municipal Retirement Fund (Continued)

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Participating members are required to contribute 4.5% of their annual salary to IMRF. The Village is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer required contribution rate for calendar year 2016 was 11.59% for IMRF.

Sheriff's Law Enforcement Personnel

Sheriff's Law Enforcement Personnel (SLEP) provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, having accumulated at least 20 years of SLEP service and terminating IMRF participation on or after January 1, 1988, may elect to retire at or after age 50 with no early retirement discount penalty. SLEP members meeting these two qualifications are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.5% of their final rate of earnings, for each year of credited service up to 32 years or 80% of their final rate of earnings. For those SLEP members retiring with less than 20 years of SLEP service, the regular IMRF pension formula applies. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 50 (reduced benefits) or after age 55 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.5% of their final rate of earnings, for each year of credited service up to 30 years of service to a maximum of 75%. SLEP also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute. The employer required contribution rate for calendar year 2016 was 0% for SLEP.

b. Plan Membership

At December 31, 2015, the IMRF membership consisted of:

	IMRF	SLEP
Inactive plan members currently receiving benefits	406	-
Inactive plan members entitled to but not yet receiving benefits	267	-
Active plan members	231	1
TOTAL	904	1

The IMRF data included in the table above includes membership of both the Village and the Oak Park Public Library (the Library).

c. Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2015 using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2015
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	2.75%
Salary increases	3.75% to 14.50%
Discount rate	7.49%
Cost of living adjustments	3.00%
Asset valuation method	Market

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Illinois Municipal Retirement Fund and Sheriff's Law Enforcement Personnel (Continued)

d. Discount Rate

The discount rate used to measure the IMRF total pension liability was 7.49%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members and therefore was blended with the index rate of 3.57% for tax exempt general obligation municipal bonds rated AA or better at December 31, 2015 to arrive at a discount rate of 7.49% used to determine the total pension liability.

e. Changes in the Net Pension Liability

Illinois Municipal Retirement Fund

	(a) Total Pension Liability	(b) Plan Fiduciary Net Position	(a) - (b) Net Pension Liability
BALANCES AT JANUARY 1, 2015	\$ 102,713,459	\$ 100,040,158	\$ 2,673,301
Changes for the period			
Service cost	1,564,589	-	1,564,589
Interest	7,544,503	-	7,544,503

e. Changes in the Net Pension Liability (Continued)

The table presented above includes amounts for both the Village and the Library. The Village's collective share of the net pension liability at January 1, 2015, the employer contributions and the net pension liability at December 31, 2015 was \$2,058,442, \$1,568,308 and \$6,542,969, respectively. The Library's collective share of the net pension liability at January 1, 2015, the employer contributions and the net pension liability at December 31, 2015 was \$614,859, \$468,456 and \$1,954,393, respectively. Changes in assumptions related to retirement age and mortality were made since the prior measurement date.

f. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2016, the Village recognized pension expense of \$1,386,145 for the Village and \$443,411 for the Library.

At December 31, 2016, the Village and Library reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 379,825
Changes in assumption	1,179,513	-
Contributions made after measurement date	2,036,990	-
Net difference between projected and actual earnings on pension plan investments	6,304,388	-
TOTAL	<u>\$ 9,520,891</u>	<u>\$ 379,825</u>

The deferred outflows presented in the table above include amounts for both the Village and the Library. The Village's collective share of the deferred outflows of resources at December 31, 2016 was \$5,470,139. The Library's collective share of the deferred outflows of resources at December 31, 2016 was \$1,633,937.

At December 31, 2016, the Village reported deferred outflows of resources and deferred inflows of resources related to SLEP from the following sources:

	Deferred Outflows of Resources
Difference between expected and actual experience	\$ 6,678
Changes in assumption	-
Net difference between projected and actual earnings on pension plan investments	430
TOTAL	<u>\$ 7,108</u>

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Illinois Municipal Retirement Fund and Sheriff's Law Enforcement Personnel (Continued)

- f. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

\$2,036,990 reported as deferred outflows of resources related to pensions resulted from the Village and Library's contributions of \$1,606,157 and \$430,833, respectively, after the measurement date. These amounts will be recognized as a reduction of the net pension liability in the reporting year ending December 31, 2017.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized as pension expense by the Village as follows:

<u>Year Ending December 31,</u>	<u>IMRF</u>	<u>SLEP</u>
2017	\$ 1,939,970	\$ 1,366
2018	1,204,909	1,366
2019	1,264,558	1,366
2020	1,060,702	1,364
2021	-	1,258
2022	-	388
TOTAL	\$ 5,470,139	\$ 7,108

- g. Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the Village calculated using the discount rate of 7.49% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.49%) or 1 percentage point higher (8.49%) than the current rate:

	1% Decrease (6.49%)	Current Discount Rate (7.49%)	1% Increase (8.49%)
Net pension liability (asset) (Village)	\$ 16,183,487	\$ 6,542,969	\$ (1,364,311)
Net pension liability (asset) (Library)	4,834,028	1,954,393	(407,522)
Net pension liability (SLEP)	7,305	4,913	2,845
Net pension liability (asset) total	\$ 21,024,820	\$ 8,502,275	\$ (1,768,988)

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Police Pension Plan

a. Plan Administration

Police sworn personnel are covered by the Police Pension Plan which is a defined benefit single-employer pension plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contributions levels are governed by Illinois Compiled Statutes (Chapter 40 - Article 5/3) and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund. The Police Pension Plan does not issue separate financial statements.

b. Plan Membership

At December 31, 2016 (date of last actuarial valuation), the Police Pension Plan membership consisted of:

Inactive plan members currently receiving benefits	130
Inactive plan members entitled to benefits but not yet receiving them	3
Active plan members	<u>108</u>
 TOTAL	 <u><u>241</u></u>

c. Benefits Provided

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Tier 1 employees (those hired as a police officer prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Police Pension Plan (Continued)

c. Benefits Provided (Continued)

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of 1/2 of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., 1/2% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or 1/2 of the change in the Consumer Price Index for the proceeding calendar year.

d. Contributions

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the Police Pension Plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. The Village has been funding the plan at 100% and as result it is solvent. For the year ended December 31, 2016, the Village's contribution was 45.9% of covered payroll.

e. Investment Policy

ILCS limits the Police Pension Fund's (the Fund) investments to those allowable by ILCS and require the Fund's Board of Trustees to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. The Fund's investment policy authorizes the Fund to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Police Pension Plan (Continued)

e. Investment Policy (Continued)

issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, investment grade corporate bonds and Illinois Funds. The Fund may also invest in certain non-U.S. obligations, Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political subdivisions, Illinois insurance company general and separate accounts, mutual funds and corporate equity securities and real estate investment trusts. During the year, the following changes to the investment policy were approved by the Board of Trustees: allowing investments in real estate investment trusts and the global tactical asset allocation mutual fund. In addition, target allocations across asset classes were adjusted.

The Fund's investment policy in accordance with ILCS establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed income	33-68%	1.11%
Domestic equities	20-65%	5.60%
International equities	20-65%	5.90%
Cash and cash equivalents	2-20%	0.00%

ILCS limit the Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund. The blended asset class is comprised of all other asset classes to allow for rebalancing the portfolio.

The long-term expected rate of return on the Fund's investments was determined using an asset allocation study conducted by the Fund's investment management consultant in which best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major assets class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return excluding inflation for each major asset class included in the Fund's target asset allocation as of December 31, 2016 are listed in the table above.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Police Pension Plan (Continued)

f. Investment Valuations

The Fund categorizes its fair value measurements within the fair value hierarchy established by general accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Illinois Funds, an investment pool created by the state legislature under the control of the State Treasurer, is a money market mutual fund that maintains a \$1 per share value.

g. Investment Concentrations

There are no significant investments (other than United States Government guaranteed obligations) in any one organization that represent 5% or more of the Fund's investments.

h. Investment Rate of Return

For the year ended December 31, 2016, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 5.95%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

i. Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the Fund's deposits may not be returned to them. The Fund's investment policy requires all bank balances to be covered by federal depository insurance.

j. Interest Rate Risk

The following table presents the investments and maturities of the Fund's debt securities as of December 31, 2016:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
U.S. Treasuries	\$ 12,030,541	\$ 614,833	\$ 7,136,852	\$ 3,946,578	\$ 332,278
U.S. agencies	2,176,910	446,471	848,046	204,318	678,075
State, local and municipal bonds	1,001,422	117,597	189,049	296,519	398,257
Corporate bonds	13,704,033	920,953	7,892,422	4,651,377	239,281
TOTAL	\$ 28,912,906	\$ 2,099,854	\$ 16,066,369	\$ 9,098,792	\$ 1,647,891

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Police Pension Plan (Continued)

j. Interest Rate Risk (Continued)

In accordance with its investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed for expected current cash flows. The investment policy does not limit the maximum maturity length of investments in the Fund.

k. Credit Risk

The Fund limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government, securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government and investment grade corporate bonds rated at or above BBB- by Standard and Poor's, Baa3 by Moody's and BBB- by Fitch by at least two of the three rating agencies. The fixed income securities are rated Baa3 to Aaa by Moody's.

l. Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Fund will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Fund requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Fund's agent separate from where the investment was purchased in the Fund's name. The money market mutual funds and equity mutual funds are not subject to custodial credit risk.

m. Net Pension Liability

The components of the net pension liability of the Police Pension Plan as of December 31, 2016 were as follows:

	(a) Total Pension Liability	(b) Plan Fiduciary Net Position	(a) - (b) Net Pension Liability
BALANCES AT JANUARY 1, 2016	\$ 166,243,636	\$ 83,943,327	\$ 82,300,309
Changes for the period			
Service cost	1,565,071	-	1,565,071
Interest	11,221,445	-	11,221,445
Difference between expected and actual experience	(1,054,515)	-	(1,054,515)
Changes in assumptions	5,751,732	-	5,751,732
Employer contributions	-	4,735,676	(4,735,676)
Employee contributions	-	999,387	(999,387)
Net investment income	-	4,936,807	(4,936,807)
Benefit payments and refunds	(7,387,597)	(7,398,106)	10,509
Administrative expense	-	(46,535)	46,535
Net changes	10,096,136	3,227,229	6,868,907
BALANCES AT DECEMBER 31, 2016	\$ 176,339,772	\$ 87,170,556	\$ 89,169,216

There was a change with respect to actuarial assumptions from the prior year to reflect revised expectations with respect to mortality rates, disability rates, turnover rates and retirement rates.

See the schedule of changes in the employer's net pension liability and related ratios in the required supplementary information for additional information related to the funded status of the Police Pension Fund.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Police Pension Plan (Continued)

n. Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2016 using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2016
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	3.00%
Salary increases	2.75%
Discount rate	6.50%
Cost of living adjustments	3.00%
Asset valuation method	Market

Mortality rates were based on the RP-2014 Blue Collar headcount-weighted Mortality Table brought back to 2006, projected to 2016 using the MP2016; separate tables for males and females.

o. Discount Rate

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Police Pension Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Police Pension Plan (Continued)

p. Discount Rate Sensitivity

The following is a sensitive analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the Village calculated using the discount rate of 6.50% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.50%) or 1 percentage point higher (7.50%) than the current rate:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Net pension liability	\$ 115,579,985	\$ 89,169,216	\$ 67,865,165

q. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2016, the Village recognized police pension expense of \$7,531,120. At December 31, 2016, the Village reported deferred outflows of resources and deferred inflows of resources related to the police pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 3,581,425
Changes in assumption	17,141,079	-
Net difference between projected and actual earnings on pension plan investments	4,457,158	-
TOTAL	<u>\$ 21,598,237</u>	<u>\$ 3,581,425</u>

- q. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the police pension will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	
2017	\$ 6,026,290
2018	6,026,290
2019	5,312,939
2020	651,293
2021	<u>-</u>
TOTAL	<u>\$ 18,016,812</u>

Firefighters' Pension Plan

- a. Plan Administration

Fire sworn personnel are covered by the Firefighters' Pension Plan which is a defined benefit single-employer pension plan. Although this is a single-employer pension plan, the defined benefits as well as the employee and employer contributions levels are mandated by Illinois Compiled Statutes (Chapter 40 - Article 5/4) and may be amended only by the Illinois legislature. The Village accounts for the Firefighters' Pension Plan as a pension trust fund.

The plan is governed by a five-member pension board. Two members are appointed by the Village's President, one member is elected by pension beneficiaries, and two members are elected by active police employees.

- b. Plan Membership

At December 31, 2016, the Firefighters' Pension Plan membership consisted of:

Inactive plan members currently receiving benefits	115
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members	<u>62</u>
TOTAL	<u><u>177</u></u>

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Firefighters' Pension Plan (Continued)

c. Benefits Provided

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held at the date of retirement. The annual benefit shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a covered employee who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., ½% for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the firefighter retires or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the proceeding calendar year.

d. Contributions

Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to finance the Firefighters' Pension Plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Firefighters' Pension Plan. The Village has been funding the plan at 100% and therefore it is solvent. For the year ended December 31, 2016, the Village's contribution was 76.1% of covered payroll.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Firefighters' Pension Plan (Continued)

e. Investment Policy

The Firefighters' Pension Fund's (the Fund) investment policy authorizes the Fund to invest in all investments allowed by ILCS. These include deposits/investments in insured commercial banks, savings and loan institutions, interest-bearing obligations of the U.S. Treasury and U.S. agencies, interest-bearing bonds of the State of Illinois or any county, township, or municipal corporation of the State of Illinois, direct obligations of the State of Israel, money market mutual funds whose investments consist of obligations of the U.S. Treasury or U.S. agencies, separate accounts managed by life insurance companies, mutual funds, common and preferred stock, Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value), and IMET, a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold.

It is the policy of the Fund to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Fund and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, safety of principal, risk aversion, liquidity, and return on investment.

The Fund's investment policy in accordance with ILCS establishes the following target allocation across asset classes:

Asset Class	Target	Long-Term Expected Real Rate of Return
U.S. fixed income	35%	2.5%
Global tactical	5%	8.5%
U.S. equities	32.5%	7.5%
International equities	20%	8.5%
Real estate	7.5%	4.5%

The long-term expected real rate of return is based on expected average returns over the foreseeable future for each asset class voting on arithmetic calculation.

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Firefighters' Pension Plan (Continued)

f. Investment Valuations

The Fund categorizes its fair value measurements within the fair value hierarchy established by general accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

g. Investment Concentrations

Concentration of credit risk is the risk that the Fund has a high percentage of its investments invested in one type of investment. The Fund's investment policy requires diversification of investment to avoid unreasonable risk. No financial institution, except any securities custodians of the Fund, shall hold more than 10% of the Fund's portfolio at any time. Neither shall Illinois Funds hold more than 10% of the Fund's portfolio at any time. In addition, the following allocations are desired: depository accounts and money market mutual funds at 1% to 5%, fixed income securities at 40% to 44% and 55% in equity securities.

At December 31, 2016, there were no significant investments (other than United States Government guaranteed obligations) in any one organization that represent 5% or more of the Fund's investments.

h. Investment Rate of Return

For the year ended December 31, 2016, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 8.29%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

i. Custodial Credit Risk - Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Fund's deposits may not be returned to it. The Fund's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the an independent third party.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Firefighters' Pension Plan (Continued)

j. Interest Rate Risk

The following table presents the investments and maturities of the Fund's debt securities as of December 31, 2016:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less than 1	1-5	6-10	Greater than 10
U.S. Treasuries	\$ 3,787,459	\$ 398,302	\$ 1,086,959	\$ 1,214,917	\$ 1,087,281
U.S. agencies	2,257,517	-	409,077	287,490	1,560,950
Corporate bonds	8,325,038	106,786	4,098,703	2,574,859	1,544,690
TOTAL	\$ 14,370,014	\$ 505,088	\$ 5,594,739	\$ 4,077,266	\$ 4,192,921

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for all reasonably anticipated operating requirements while providing a reasonable rate of return based on the current market with a minimum return of 7% desired during a market cycle. In addition, no investment in a fixed income security shall have a maturity of greater than 30 years from the time of purchase.

k. Credit Risk

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The Fund limits its exposure to credit risk by investing U.S. Treasury obligations and other obligations which are rated AA or better by a national rating agency. The Fund's investment policy does not address the management of credit risk. The U.S. Treasuries and agencies, money market mutual funds, and Illinois Funds are rated AAA. The municipal bonds are rated AA2 to AAA. The corporate bonds are rated BAA3 to AAA, and comprise the primary investments of the plan's portfolio.

l. Custodial Credit Risk - Investments

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Fund will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Fund's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis (DVP) with the underlying investments held by a third party custodian and evidenced by safekeeping receipts. Illinois Funds and the money market mutual funds are not subject to custodial credit risk.

m. Net Pension Liability

The components of the net pension liability of the Firefighters' Pension Plan as of December 31, 2016 were as follows:

	(a) Total Pension Liability	(b) Plan Fiduciary Net Position	(a) - (b) Net Pension Liability
BALANCES AT JANUARY 1, 2016	\$ 118,230,456	\$ 43,203,943	\$ 75,026,513
Changes for the period			
Service cost	1,121,758	-	1,121,758
Interest	7,980,556	-	7,980,556
Difference between expected and actual experience	(460,787)	-	(460,787)
Changes in assumptions	3,699,385	-	3,699,385
Employer contributions	-	3,779,495	(3,779,495)
Employee contributions	-	563,721	(563,721)
Net investment income	-	3,495,154	(3,495,154)
Benefit payments and refunds	(6,254,217)	(6,254,217)	-
Administrative expense	-	(51,062)	51,062
Net changes	6,086,695	1,533,091	4,553,604
BALANCES AT DECEMBER 31, 2016	\$ 124,317,151	\$ 44,737,034	\$ 79,580,117

See the schedule of changes in the employer's net pension liability and related ratios in the required supplementary information for additional information related to the funded status of the Fund.

There was a change with respect to actuarial assumptions from the prior year to reflect revised expectations with respect to mortality rates, disability rates, turnover rates and retirement rates.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Firefighters' Pension Plan (Continued)

n. Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2016 using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2016
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	3.00%
Salary increases	3.00%
Discount rate	6.50%
Cost of living adjustments	3.00%
Asset valuation method	Market

Mortality rates were based on the RP-2014 Blue Collar headcount-weighted Mortality Table brought back to 2006, projected to 2016 using the MP2016; separate tables for males and females.

o. Discount Rate

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Firefighters' Pension Plan (Continued)

p. Discount Rate Sensitivity

The following is a sensitive analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the Village calculated using the discount rate of 6.50% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.50%) or 1 percentage point higher (7.50%) than the current rate:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Net pension liability	\$ 96,428,226	\$ 79,580,117	\$ 65,817,299

q. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2016, the Village recognized firefighters' pension expense of \$8,699,259. At December 31, 2016, the Village reported deferred outflows of resources and deferred inflows of resources related to the firefighter's pension from the following sources:

	Deferred Outflows of Resources
Difference between expected and actual experience	\$ 1,382,265
Changes in assumption	10,900,227
Net difference between projected and actual earnings on pension plan investments	<u>1,160,736</u>
TOTAL	<u><u>\$ 13,443,228</u></u>

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. EMPLOYEE RETIREMENT SYSTEMS (Continued)

Firefighters' Pension Plan (Continued)

- q. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the firefighters' pension will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	
2017	\$ 6,733,629
2018	5,687,166
2019	1,152,558
2020	<u>(130,125)</u>
TOTAL	<u>\$ 13,443,228</u>

12. OTHER POSTEMPLOYMENT BENEFITS

- a. Plan Description

In addition to providing the pension benefits described in Note 11, the Village provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual, except for the implicit subsidy which is governed by the State Legislature and ILCS. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's governmental and business-type activities and proprietary funds.

- b. Benefits Provided

The Village provides continued health insurance coverage at the active employee rates to all eligible retirees in accordance with ILCS, which creates an implicit subsidy of retiree health insurance since the retiree does not pay an age adjusted premium. To be eligible for benefits, an employee must qualify for retirement under the Village's retirement plan.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

12. OTHER POSTEMPLOYMENT BENEFITS (Continued)

c. Membership

At December 31, 2016 (date of last actuarial valuation), membership consisted of:

Retirees and beneficiaries currently receiving benefits	89
Terminated employees entitled to benefits but not yet receiving them	-
Active employees	
Vested	53
Nonvested	248
	<hr/>
TOTAL	390
	<hr/>
Participating employers	1
	<hr/>

d. Funding Policy

The Village provides the contribution percentages between the Village and employees through the union contracts and personnel policy. All retirees contribute 100% of the premium to the plan to cover the cost of providing the benefits to the retirees via the plan (pay as you go) which results in an implicit subsidy to the Village as defined by the GASB Statement No. 45.

The Village is not required to and currently does not advance fund the cost of benefits that will become due and payable in the future. Active employees do not contribute to the plan until retirement.

e. Annual OPEB Costs and Net OPEB Obligation

The Village's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation was as follows:

Fiscal Year Ended	Annual OPEB Cost	Employer Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2014	\$ 578,814	\$ 533,302	92.1%	\$ 958,808
2015	599,095	471,001	78.6%	1,086,902
2016	601,072	538,955	89.7%	1,149,019

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

12. OTHER POSTEMPLOYMENT BENEFITS (Continued)

e. Annual OPEB Costs and Net OPEB Obligation (Continued)

The net OPEB obligation as of December 31, 2016, was calculated as follows:

Annual required contribution	\$ 593,826
Interest on net OPEB obligation	43,476
Adjustment to annual required contribution	<u>(36,230)</u>
Annual OPEB cost	601,072
Contributions made	<u>(538,955)</u>
Increase in net OPEB obligation	62,117
Net OPEB obligation, beginning of year	<u>1,086,902</u>
NET OPEB OBLIGATION, END OF YEAR	<u>\$ 1,149,019</u>

Funded Status and Funding Progress. The funded status of the plan as of December 31, 2016 (date of last actuarial valuation) was as follows:

Actuarial accrued liability (AAL)	\$ 10,445,065
Actuarial value of plan assets	-
Unfunded actuarial accrued liability (UAAL)	10,445,065
Funded ratio (actuarial value of plan assets/AAL)	0.00%
Covered payroll (active plan members)	\$ 26,045,660
UAAL as a percentage of covered payroll	40.10%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

12. OTHER POSTEMPLOYMENT BENEFITS (Continued)

e. Annual OPEB Costs and Net OPEB Obligation (Continued)

In the December 31, 2016 actuarial valuation, the entry-age actuarial cost method was used. The actuarial assumptions included a discount rate of 4.0% and an initial healthcare cost trend rate of 1.8% with an ultimate healthcare inflation rate of 5.5% in fiscal year 2023. Both rates include a 3.0% inflation assumption. The actuarial value of assets was not determined as the Village has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2016 was 30 years.

VILLAGE OF OAK PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

14. CHANGE IN ACCOUNTING PRINCIPLES AND PRIOR PERIOD ADJUSTMENTS

In 2015, the Village adopted Government Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27*. The new standard requires the Village to recognize a liability in its government-wide financial statements for the net pension liability associated with its pension plans.

In 2016, the Village made a determination to report information from the December 31, 2015 actuarial valuation for IMRF in order to continue its dedication to timely financial reporting. Therefore, the related accounts were restated for the prior year to reflect the net pension liabilities and deferred outflows from December 31, 2014.

Additionally, due to the requirements set forth in GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*, the Village reported contributions made subsequent to the measurement date as deferred outflows. These amounts are part of the restatement disclosed in the following table.

Additionally, the Village discovered that a capital outlay expenditure had not been appropriately reported as a capital asset in the prior year. This adjustment affected the Parking Fund. Additionally, a receivable was overstated in the previous year in the Village's Capital Improvement Fund. Finally, the Village discovered common stock outstanding that was purchased many years ago by previous management. The Village is in the process of liquidating the stock since it is not an allowable investment under Illinois Compiled Statutes.

NET POSITION - GOVERNMENTAL ACTIVITIES AS PREVIOUSLY REPORTED, JANUARY 1, 2015	\$ (67,403,989)

Last Two Fiscal Years

FISCAL YEAR ENDED DECEMBER 31,	2015		2016	
	IMRF	SLEP	IMRF	SLEP
Actuarially determined contribution	\$ 1,568,308	\$ -	\$ 1,606,157	\$ -
Contributions in relation to the actuarially determined contribution	1,568,308	10,582	1,606,157	16,378
CONTRIBUTION DEFICIENCY (Excess)	\$ -	\$ (10,582)	\$ -	\$ (16,378)
Covered-employee payroll	\$ 11,067,809	\$ 73,846	\$ 13,858,360	\$ 73,846
Contributions as a percentage of covered-employee payroll	14.17%	14.33%	11.59%	22.18%

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuations as of January 1 of the prior fiscal year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 28 years; the asset valuation method was five-year smoothed market; and the significant actuarial assumptions were an investment rate of return at 7.5% annually, projected salary increases assumption of 4.4% to 16.0% compounded annually and postretirement benefit increases of 3.0% compounded annually.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

VILLAGE OF OAK PARK, ILLINOIS

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2016

BUDGETS

All departments of the Village submit requests for appropriation to the Village’s manager so that a budget may be prepared. Budgets are adopted on a modified accrual basis of accounting for all governmental funds and on an accrual basis for proprietary and pension trust funds.

The budget is prepared by fund, function and department and includes information on the past year, current year estimates and requested appropriations for the next fiscal year. Annual appropriated budgets are adopted for the general, special revenue (except the State RICO, Emergency Solutions Grant, and Special Service Area #7 Funds), debt service, capital projects (except the Lake Forest Development Project Fund and South Harlem Redevelopment), enterprise and internal service funds. Budgets for Enterprise Funds do not provide for depreciation; capital improvements are budgeted as expenses. All annual appropriations lapse at fiscal year end.

The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. The manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body. Expenditures may not legally exceed budgeted appropriations at the department level. During the year, several budget amendments were approved by the Village Board.

Budget amounts are as originally adopted or as amended by the Village Board of Trustees.

a. Excess of Actual Expenditures/Expenses Over Budget in Individual Funds

The following funds had an excess of actual expenditures/expenses (exclusive of depreciation and amortization) over budget at the department level for the fiscal year:

Fund	Excess
SPECIAL REVENUE	
Special Tax Allocation	\$ 26,441
DEBT SERVICE FUND	6,888,313
CAPITAL PROJECTS FUND	
Colt Westgate Redevelopment Fund	1,695,118
INTERNAL SERVICE	
Self-Insurance Retention	1,464,891

MAJOR GOVERNMENTAL FUNDS

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Special Tax Allocation Fund accounts for the receipts and disbursements of tax increment revenues and other financial resources restricted to the Downtown Oak Park Business District.

The Madison Street TIF Fund accounts for the receipt and disbursement of tax increment revenues and other financial resources received restricted to the Madison Street Business corridor.

The General Obligation Debt Service Fund accounts for the resources restricted for the payment of principal and interest on the Village's general obligation debt.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The Foreign Fire Insurance Fund is used to account for a restricted tax on insurance premiums assessed on insurance companies located outside of the State of Illinois that provide coverage to homes and businesses within the Village.

The Community Development Loan Fund accounts for revenues and expenses of programs which provide rehabilitation loans to not-for-profit housing agencies and grants to qualified residents.

The State RICO Fund is used to account for restricted revenues from the State of Illinois related to the seizure of illegal drug assets by the Oak Park Police Department.

The Federal RICO Fund is used to account for restricted revenues from the U.S. Government related to the seizure of illegal drug assets by the Oak Park Police Department.

The Emergency 9-1-1 Fund is used to account for the operations of the Village's Emergency Communications Center. Restricted revenues are provided by a \$1.00 per month surcharge on telephone lines.

The Motor Fuel Tax Fund is used to account for street maintenance and improvements financed by the Village's restricted share of state gasoline taxes. All projects require the advance approval of the Illinois Department of Transportation.

The Harlem/Garfield TIF Fund is used to account for the receipt and disbursement of restricted tax increment revenues and other financial resources received related to the Harlem/Garfield Tax Increment Financing District.

The Emergency Solutions Grant Fund is used to account for the receipt and disbursement of restricted Emergency Solutions Grant Funds among village funded projects.

The Special Service Area #1 Fund is used to account for the operation of this special restricted taxing district located within Downtown Oak Park.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

SPECIAL REVENUE FUNDS (Continued)

The Community Development Block Grant Fund is used to account for the receipt and disbursement of restricted Community Development Block Grant Funds among village funded projects, its partner social service and development agencies and administrative overhead costs. Funds are received from the U.S. Department of Housing and Urban Development.

The Special Service Area #7 Fund is used to account for the special service area construction of streetscape improvements.

The Grants Fund is used to account for restricted grant revenues and expenditures of the Village's grant awards.

CAPITAL PROJECTS FUNDS

The Capital Improvements Fund accounts for the revenues and expenditures related to capital improvements specifically committed to general governmental improvements such as street repair and construction curb and gutter replacement, street lighting and tree replacements.

The Capital Building Improvements Fund is used to account for the revenues, expenditures and disbursement of operating transfers assigned for improvements to village facilities not funded by Enterprise Funds.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

CAPITAL PROJECTS FUNDS (Continued)

The Lake Forest Development Project Fund is used to account for the revenues and expenditures assigned for improvements at the corner of Lake and Forest in downtown Oak Park.

The Equipment Replacement Fund is used to account for the receipts of operating transfers assigned for replacement of village equipment such as furniture, data processing equipment and other capital equipment not funded by Enterprise Funds.

The Fleet Replacement Fund is used to account for the receipts of operating transfers assigned for replacement of village vehicles not funded by Enterprise Funds.

The Colt Westgate Redevelopment Fund is used to account for the revenues and expenditures assigned for improvements to the Lake Street/Westgate/North Boulevard site in downtown Oak Park.

The South Harlem Redevelopment Fund is used to account for revenues and expenditures assigned for improvements to the South Harlem site in Oak Park.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the Village in a fiduciary capacity. The following funds are currently established:

PENSION TRUST FUNDS

The Police Pension Fund is used to account for the accumulation of resources to pay pension costs. Resources are contributed by police force members at rates fixed by state statutes and by the Village through an annual property tax levy.

The Firefighters' Pension Fund is used to account for the accumulation of resources to pay pension costs. Resources are contributed by fire personnel members at rates fixed by state statutes and by the Village through an annual property tax levy.
