5. **Approval of August 7, 2018 Meeting Minutes**

It was motioned by Member Hedges and seconded by Member Chang to approve the Task Force’s August 7, 2018 meeting minutes. A voice vote was taken and the minutes were approved.

6. **Report Preparation**

a. **Prioritization and structure of recommendations**

Bob Dean of MPC reviewed 23 recommendations in a grid as recommended by Member Peters. The Task Force worked on materials distributed by Member Greffin. There was a lengthy discussion on how to develop the chart and final report.

b. **Continued discussion of report structure**

A recommendation was made for taxing bodies to refrain from seeking a funding referendum for 10 years. Citizen lead financial management commissions were recommended. This would strengthen residents’ ability to advocate for sound financial

management decision making. The Village is a resource and sometimes the Village collaborates with other jurisdictions. Salary growth and reducing the number of taxing bodies' employees are recommendations that would take priority.

**c. Process for report finalization**

At the Village Board's September 4, 2018 meeting, the Task Force will ask the Village Board for additional time until the end of September to prepare a final report. Some items were recommended to pursue now, study further, or not pursue. The Task Force will set out an action plan for implementation. Fund balance issues should comply but not exceed accepted state guidelines for particular units of government. The Task Force discussed a recommendation to limit the Village's 2019 levy increase to 3%. Including citizens' comments in the Task Force's report was suggested.

**7. Adjournment**

It was motioned by Member Hedges and seconded by Member Chang to adjourn. A voice vote was taken and the motion was approved. The meeting adjourned at 9:22 p.m.
