**COVID-19 Status Report
Oak Park Village Board of Trustees**

To: Village President and Village Board of Trustees

Fr: Cara Pavlicek, Village Manager

The memo is a means to share a brief summary of information regarding Village of Oak Park operational activities in response to COVID-19. In most cases, formal public guidance or employee guidance has been publicly disseminated via the Village website or Village social media channels.

New Public Health Guidance

Today, the Village of Oak Park Department of Public Health received notification of one new case of a resident testing positive for COVID-19 that is in their 20s.

Excluding individuals for which street addresses are not yet determined, the State of Illinois reports a total of three-hundred and sixteen (316) total Oak Park COVID-19 cases. It is important to note that as patient tracking and case follow-up occurs, individuals listed within the number of Oak Park cases reported may change depending on residency confirmation.

The Oak Park Department of Public Health is notified of positive tests as established by state and local public health protocol. Because of privacy laws, no additional information can be released about the individuals. It is noted, that privacy precludes location information regarding individuals tested to anyone other than Public Health Officials and First Responders.

The Oak Park Department of Public Health is working closely with officials from the Illinois Department of Public Health (IDPH), investigating and notifying anyone who may have had exposure to the individual who tested positive for COVID-19. Local public health officials, hospitals and first responders are following protocols consistent with the latest guidance from the Centers for Disease Control and Prevention (CDC).

Cases related to Long-Term Care and Assisted Living Facilities

Interim Deputy Fire Chief for Infectious Disease reported today the twenty-fifth death of Oak Park resident believed to be related to the COVID-19 coronavirus. The fatality was a male in his 60s who was a resident at Oasis, 625 N Harlem. The resident had earlier tested positive for the virus, but the final cause of death will be determined by the Cook County Medical Examiner. Int. DC Terry expressed sincere condolences to the resident’s friends and family for the loss of their loved one.

Facility Name	# of Resident Cases	# of Resident Deaths	# of Staff Cases
Belmont Village of Oak Park	2	2	4
Berkeley Nursing & Rehab Center	3	3	1
