Anan Abu-Taleb
Village President
The Village of Oak Park
123 Madison St.
Oak Park, IL 60302

Dear Village President Taleb,

IntegrYS Energy will be sending a post card (sample attached) to each of our customers your residents in the next several days. Let me be clear this letter is a requirement of the Illinois Public Utilities Act which regulates our company in regards to the Municipal aggregation of Electric. The IL Public Utilities Act states under this section "The alternative retail electric supplier shall provide to the customer (1) itemized billing statements that describe the products and services provided to the customer and their prices, and (2) an additional statement, at least annually, that adequately discloses the average monthly prices, and the terms and conditions, of the products and services sold to the customer."

This mailing is required and is meant to be informational to each of our customers, your residents.

Our IntegrYS Call Center is always ready to handle any of our customer calls in which we will reassure everyone that this was not a bill and it was just an informational piece required by law.

If you want to discuss this further or need any additional assistance please feel free to contact me.

Sincerely

Jay Dalicandro
