

NEW BILL ASSISTANCE AVAILABLE for ComEd Small-Business Customers

We understand this is a challenging time for many of our valued small-business customers struggling in the face of COVID-19. To proactively support our communities, we now offer to all eligible small-business customers, for a limited time, a one-time grant through the Small Business Assistance Program.

For Small-Business Customers Who Received a Disconnect Notice

These customers may be eligible to apply for a one-time grant and special payment arrangement.

- One-time grant equal to 30 percent of their ComEd balance – up to \$1,000 – applied to the account
- Payment plan option to spread remaining balance over as long as 6 months

For Small-Business Customers Recently Disconnected

These customers may be eligible to apply for a one-time grant which could help service be reconnected.

- One-time grant equal to 30 percent of their ComEd balance – up to \$1,000 – applied to the account
- Customer must make a payment for the remaining balance due

ComEd urges all eligible small-business customers to take advantage of this new financial assistance program now. Grants are available for a limited time and until funds run out.

CUSTOMERS SHOULD ACT QUICKLY.

FOR IMMEDIATE RELEASE

Newest ComEd Program Provides Bill Assistance to Struggling Small Businesses During Pandemic

Small-Business Assistance Programs offers one-time grants and flexible payment options

CHICAGO (Nov. 11, 2020) – With many restaurants, bars, retailers and other small businesses across northern Illinois struggling to stay open during the COVID-19 pandemic, ComEd today announced a new bill-assistance program to help eligible small businesses facing financial difficulties.

“Small and family-owned businesses are the backbone of our communities. When they struggle, our neighborhoods struggle.” said ComEd CEO [Joe Dominguez](#). “By offering a new bill-assistance option targeting small and family-owned businesses, we hope to do our part to ensure that the businesses that we all love and depend upon continue to be a part of our lives.”

ComEd’s Small Business Assistance Program provides eligible small-business customers that are past due on their energy bills with a one-time grant equal to 30 percent of their total ComEd balance (up to \$1,000) for a limited time. Customers whose electric service has not been disconnected can then set up their remaining balance due on a payment plan of up to six months.

Small-business customers can visit [ComEd.com/SmallBizAssistance](https://www.comed.com/SmallBizAssistance) or call **1-877-4-COMED-1 (1-877-426-6331)** to learn more or apply for the Small Business Assistance Program.

Earlier this week, ComEd announced its new Helping Hand program to provide more immediate aid to eligible residential customers most in need during the ongoing COVID-19 pandemic. For a limited time, this financial-assistance program provides an additional one-time grant of up to \$300 to help reduce past-due balances of income-eligible customers.

Assistance through the Helping Hand program is administered directly through ComEd, which expedites the verification process so that customers can receive grants more quickly. Residential customers can apply for Helping Hand grants at [ComEd.com/PaymentAssistance](https://www.comed.com/PaymentAssistance).

Assistance Options to Help Residential Customers

Helping Hand and the Small Business Assistance Program are the latest in a number of assistance options ComEd has developed since the pandemic to help customers, including a \$18 million bill-payment assistance program for residential customers announced earlier this summer.

ComEd has continued the suspension of service disconnections for low-income customers and those who express a financial hardship through March 31, 2021. For other customers, it's important that they continue to stay current to avoid higher past-due balances into the spring that will be harder to address.

ComEd's bill-assistance programs also include flexible payment options, financial assistance for past-due balances and usage alerts for current bills. Any customer who is experiencing a hardship or difficulty with their electric bill should call ComEd immediately at **1-800-334-7661 (1-800-EDISON-1)**, Monday through Friday from 7 a.m. to 7 p.m. to learn more and enroll in a program.

ComEd also offers usage alerts and energy-management tips to help customers manage energy use to save money now and on future energy bills. For information, visit [ComEd.com/OnlineTools](https://www.comed.com/OnlineTools).

###

ComEd is a unit of Chicago-based Exelon Corporation (NASDAQ: EXC), a Fortune 100 energy company with approximately 10 million electricity and natural gas customers – the largest number of customers in the U.S. ComEd powers the lives of more than 4 million customers across northern Illinois, or 70 percent of the state's population.
